## Regional Insights: North America's Dominance in the Jellies & Gummies Market

North America was the largest region in the market in 2023. Asia-Pacific is expected to be the fastest-growing region in the report during the forecast period. The regions covered in the report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

## What Is The Definition Of The Jellies & Gummies Market?

Jellies and gummies are types of confectionery products created using hydrocolloids, also known as stabilizers, which act as binding agents to hold sugar syrup with high moisture content.

Gummies are made from gelatin, giving them a sticky texture, transparent colors, and a sweet, chewy consistency. In contrast, jellies have a firmer texture since they do not contain gelatin and instead utilize carbohydrates such as pectin, potato starch, corn starch, and tapioca.

The Jellies & Gummies Global Market Report 2024 from The Business Research Company includes the following key information:

- Market size data for both historical and future periods
- Analysis of both macro and microeconomic factors that have impacted the market over the past five years
