

Oyster Bay Dental Office Offers Complimentary Teeth Whitening for New Invisalign Patients Through 2024

Precision Family Dental in Oyster Bay announces a special offer: free teeth whitening for new Invisalign patients who begin treatment by December 31, 2024.

NEW YORK, NY, UNITED STATES, November 22, 2024 /EINPresswire.com/ -- Residents of Oyster Bay have an exciting opportunity to enhance their smiles this year. Precision Family Dental & Specialty is offering complimentary teeth whitening to new patients starting Invisalign treatment through the end of 2024.

The initiative reflects the practice's commitment to boosting patient confidence and encouraging long-term oral health.

Invisalign: A Modern Approach to Orthodontics

Invisalign has become a leading choice for those seeking to straighten their teeth discreetly. Using clear, removable aligners, the system eliminates the need for traditional braces, allowing patients to maintain their lifestyles while achieving a straighter smile.

"Invisalign integrates seamlessly into daily routines," says Dr. Jesse Hofer, DMD, of Precision Family Dental. "Our patients appreciate the comfort and convenience it provides, and they love the results after 12 to 18 months of treatment."

A Brighter Smile at No Extra Cost

As part of the promotion, new Invisalign patients will receive a complimentary [teeth whitening treatment](#). Dr. Hofer highlights this bonus as an additional way to help patients feel confident about their smiles.

"Our goal is to make orthodontic treatment a positive and rewarding experience," Dr. Hofer explains. "Offering teeth whitening is our way of thanking the Oyster Bay community and making the journey even more special."
