

NJBIZ Shortlists NIKSUN as a Finalist for “Business of The Year 2024”

PRINCETON, NJ, UNITED STATES,
November 12, 2024 /

EINPresswire.com/ -- NJBIZ, one of New Jersey's leading business journals, provides 24/7 business news coverage and hosts events honoring top business professionals in the state. Amongst their prestigious accolades are the “Business of the Year Awards.” This awards program honors companies and individuals for outstanding accomplishments in helping the state's business community grow and prosper.

It is a matter of great pride to [NIKSUN](#), Inc., a New Jersey business founded in 1997, to have been selected as a

nominee for this year's NJBIZ Business of the Year Award. NIKSUN, a pioneer in cybersecurity, has a [single, comprehensive platform](#) that instantly detects every cyber-attack across an organization's entire infrastructure, automatically discovers everything they need to know about it using the latest in Artificial Intelligence and Machine Learning, and protects them from those threat vectors. NIKSUN's innovative platform can cut company costs by as much as 90% and comes at a price that makes it feasible for all companies, no matter their size, to use. The award ceremony will be held on Thursday, December 12, 2024, from 8:00 AM to 10:30 AM EST at The DoubleTree by Hilton in Somerset, New Jersey.

In the true character of the “American Dream,” from humble beginnings in a New Jersey garage, NIKSUN's presence has grown in leaps and bounds to becoming the global cybersecurity powerhouse that it is today. From the USA to Mexico, the UK, Germany, Japan, and beyond, national and international organizations looking for serious cybersecurity [trust only NIKSUN](#) with the protection of their most valuable digital assets. It has only been through decades of pioneering innovation and meticulous research and development that NIKSUN has risen from a small New Jersey start-up decades ago to the recognized global leader in the cybersecurity and network monitoring industry that it is today.

This honor [to be] a nominee for NJBIZ's Business of the Year 2024 bears testimony to the fact that the industry is recognizing the value of our contribution to businesses around the world."

Nik Pruthi, President, NIKSUN Inc.

Elated on being considered as a finalist for NJBIZ's 2024 "Business of the Year" award, the company's President, Nik Pruthi said, "NIK SUN realized that the biggest threat to the safety and security of this nation was no longer only directly against government infrastructure, but also against the 30+ million small businesses which make up the backbone of the country, and many of them, the supply chain of the US government itself. NIKSUN started a mission to bring the same level of cybersecurity it provides to the DoD to these small businesses, in a manner that is more comprehensive, easier to use, and most importantly, extremely affordable. Through much painstaking effort, we finally achieved this. Indeed, this honor of being shortlisted

as a nominee for NJBIZ's Business of the Year 2024, bears testimony to the fact that the industry is recognizing the value of our contribution to businesses around the world and the economy as a whole."

About NIKSUN, Inc.:

NIK SUN is the recognized worldwide leader in making the Unknown Known.
