SmilesGiving was founded by Dr. Jessica Rivas-Plata and Fedor Palacios to address the lack of dental services available to economically disadvantaged community members. Attendees can receive a range of vital treatments—including cleanings, check-ups, and extractions—without cost, in a compassionate, professional setting.

“Our mission is simple yet essential: to bring smiles to those in need, this initiative is our way of giving back” says Dr. Rivas-Plata. “SmilesGiving is about more than dental care—it’s about restoring confidence and ensuring that oral health is accessible to everyone.”

The event represents Prime Dental’s commitment to improving lives and promoting health across Pembroke Pines. Community support and sponsorship opportunities are warmly welcomed to help expand SmilesGiving’s reach and impact.
