

# BLUETTI Launches the Elite 200 V2 Portable Power Station, Offering Over 17 Years of Dependable Charging

TORONTO, ONTARIO, CANADA,  
November 13, 2024 /

EINPresswire.com/ -- BLUETTI, a leader in sustainable energy solutions, has launched the [Elite 200 V2](#), a high-performance portable power station designed for home backup and outdoor adventures. Building on the success of the AC200P, the Elite 200 V2 combines enhanced battery life, a compact design, and powerful output in a sleek, space-saving unit.

## Long-Lasting Power with Advanced Battery Technology

The Elite 200 V2 features LiFePO<sub>4</sub> (LFP) batteries with an impressive 6,000+ charge cycle lifespan, ensuring 17 years of use—12 times longer than typical lithium-ion batteries. It is also the first power station to pass 33 rigorous CNAS battery tests, providing exceptional reliability for both home and outdoor applications.

## Reliable Power for Home Backup and Outdoor Activities

With 2,600W output and a 2,073.6Wh capacity, the Elite 200 V2 can power essential household appliances like refrigerators, lights, and routers during power outages. It can run a 100W refrigerator for up to 16.8 hours, preventing food spoilage in emergencies. For camping, RVing, and off-grid living, it powers devices such as microwaves, coffee makers, and water heaters. Additionally, Power Lifting mode boosts output to 3,900W for high-demand devices like hot plates and hair dryers.

## Compact Design with Maximum Efficiency

Measuring just 13.7 x 9.8 x 12.6 inches, the Elite 200 V2 packs 2kWh of power in a unit 40% smaller than its predecessor. This compact design, enabled by advanced prismatic LFP cells and wireless internal structure, makes it perfect for RVs, tiny homes, and camping setups.

## Fast Charging and Solar Adaptability

The Elite 200 V2 charges to 80% in just 50 minutes with a dual AC and solar setup. The optional 560W car charger provides a full charge in under 4 hours, while the 1,000W solar input and built-in solar tracking allow for off-grid charging, ensuring you're always ready for adventure.

#### Pricing and Availability

The BLUETTI Elite 200 V2 is available for CAD \$1,599 now till December 3rd, 2024, on [BLUETTI's website](#) and [Amazon](#). Using code: ELITE200 for 5% off savings on Website only.

#### About BLUETTI

BLUETTI is a global leader in clean energy solutions, dedicated to providing innovative, eco-friendly energy storage for residential and outdoor use. Through initiatives like the LAAF program, BLUETTI is committed to bringing power to 1 million off-grid families in Africa. With a focus on quality and customer satisfaction, BLUETTI operates in over 110 countries worldwide.
