What Is the Estimated Growth Rate and Market Size of the

Global Healthcare Education Market?

The healthcare education market is projected to experience rapid growth in the coming years. It is expected to reach \$176.7 billion by 2028, with a compound annual growth rate (CAGR) of 11.5%. This growth during the forecast period can be attributed to the development of adaptive learning platforms, the rise of telemedicine education, the use of data-driven learning analytics, a sustained emphasis on interprofessional education, and the response to global health challenges.
