

Splendid View by Ching-Yen Chou and Chui-Jui Chiu Wins Bronze in A' Architecture Awards

Ching-Yen Chou and Chui-Jui Chiu's Splendid View residence building recognized for exceptional design by prestigious A' Design Award jury.

COMO, CO, ITALY, November 11, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected award in the field of [architecture](#) design, has announced Splendid View by [Ching-Yen Chou and Chui-Jui Chiu](#) as the Bronze winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of Splendid View's innovative design within the architecture industry.

Splendid View's award-winning design aligns with current trends in sustainable architecture, emphasizing

the harmonious interaction between indoor and outdoor spaces. The residence building's innovative use of natural light, greenery, and high-quality materials offers practical benefits for residents, setting a new standard for modern living in the architecture industry.

Splendid View stands out for its unique blend of Japanese elegance and modern art, featuring private gardens, penthouse terraces, and full-floor master bedrooms with natural lighting. The building's symmetrical proportions and the interplay of light and shadow create a serene and timeless atmosphere. The extensive use of greenery, including a four-meter retracted green corridor and balcony planters, enhances the overall aesthetic appeal and environmental impact of the design.

The recognition from the A' Design Award serves as motivation for Ching-Yen Chou and Chui-Jui Chiu to continue pushing the boundaries of architecture design, inspiring future projects that

prioritize sustainability, functionality, and aesthetic harmony. This award reinforces their commitment to creating living spaces that positively impact the lives of residents and the wider community.

Splendid View was designed by Ching-Yen Chou and Chui-Jui Chiu, who meticulously considered every aspect affecting the living space, from the size of the windows to the direction of the wind during the four seasons. Their attention to detail and vision for the future of the surrounding area have shaped the design of this exceptional residence building.

About Bronze A' Design Award

The Bronze A' Design Award recognizes designs that demonstrate a notable level of creativity and practicality in the field of Architecture, Building and Structure Design. Winners are selected based on criteria such as innovative use of space, structural integrity, aesthetic appeal, environmental impact, functional efficiency, material selection, technological integration, social relevance, cultural sensitivity, economic viability, design originality, user comfort, energy efficiency, adaptability to change, use of natural light, spatial harmony, safety measures, accessibility considerations, resilience to weather, and integration with surroundings. The rigorous selection process involves blind peer review by a panel of expert jury members, ensuring that only the most deserving designs receive this prestigious recognition.

About A' Design Award

The A' Design Award is an international, juried design competition organized annually since 2008 to recognize and promote superior products and projects across all industries. With a mission to make the world a better place through the power of good design, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact society. The

competition welcomes entries from star architects, engineering firms, leading construction companies, and influential brands worldwide, providing a platform to showcase their design excellence and gain global recognition.
