Member, Worklyn Partners*

Founded by Pedro Nunez, ITMS has offices in Maine, Massachusetts, New Hampshire, and Rhode Island. The company provides a comprehensive suite of IT services to ensure IT systems and technologies operate smoothly, are securely backed up, and support business growth. ITMS specializes in innovative solutions serving New England businesses, including cloud services, email/spam protection, business intelligence analytics hosted solutions, online backup, cybersecurity, virtualization, and more. With

a commitment to superior customer service, ITMS is the trusted partner for transforming the IT stack into a business advantage.

Nunez commented, "Teaming up with Worklyn represents a significant milestone for us. This partnership will enable us to scale our operations, expand our service offerings, and continue to deliver exceptional value to our clients. We look forward to the opportunities that lie ahead, especially as we utilize the Worklyn ecosystem to offer a broader range of services to our clients."

Worklyn is an investment firm making control investments in cybersecurity and IT services

companies. Founded by Johnny Lieberman and Zack Miller, Worklyn is focused exclusively on the technology sector, building a diverse ecosystem of managed IT and security vendors that complement each other's capabilities under one integrated platform.

Johnny Lieberman stated, "We're thrilled to welcome ITMS and Pedro Nunez to the Worklyn family. This acquisition, combined with our recent investment in Boston-based Harbor Networks, significantly expands our footprint in New England and strengthens our ability to deliver comprehensive IT and security solutions across the region."

Zack Miller added, "Pedro has built an incredible business with a brand and a service offering that customers deeply value and trust. We couldn't be more excited to partner with the ITMS team."

ITMS is Worklyn's fifth acquisition, joining its existing company portfolio consisting of:

-[Noynim IT Solutions](#), a leading IT consulting and managed services provider in Denver, CO.

-California-based [NetXperts](#), a provider of IT solutions and network engineering.

-Harbor Networks, a Massachusetts-based provider of voice, cybersecurity, and IT networking solutions.

-Quadrant Information Security, a Florida-based cybersecurity organization providing Managed Detection and Response services to customers across North America.
