What Are The Top Drivers Contributing To The Growth Of The Non-Alcoholic Steatohepatitis (NASH) Market?

The rising obesity rate is boosting demand for the non-alcoholic steatohepatitis (NASH) market.

Obesity, characterized by excessive fat accumulation, poses health risks and is associated with a higher-than-normal body weight. As non-alcoholic fatty liver disease increases with rising obesity, NASH could become the leading cause of severe liver disease in coming years, spurring demand for related treatments and drugs.
