“Renewing our Certified Autism Center™ designation reinforces our unwavering commitment to providing accessible, compassionate care to every patient,” said Roxanne Heavens, owner of Heavens Urgent Care. “This achievement underscores our dedication to creating an inclusive environment for autistic and sensory-sensitive individuals, while supporting our broader community in fostering accessibility and understanding.”

Heaven’s Urgent Care’s CAC designation plays a part in Mesa, Arizona’s [Autism Certified City™](#) (ACC) initiative, where a variety of organizations around the city have received the CAC designation, creating an area that is accessible for all.

“IBCCES is proud to continue our partnership with Heavens Urgent Care in renewing their Certified Autism Center™ designation,” says Myron Pincomb, IBCCES board chairman. “ We are excited to see continual commitment to enhancing the patient care experience for autistic and sensory-sensitive patients, and we hope other urgent cares will follow suit.”

Since 2001, IBCCES has been the leader in autism, neurodiversity, and cognitive disorder training and certification for healthcare, education, and corporate professionals around the globe. IBCCES created specialized programs so staff in various industries would be more knowledgeable and other accommodations could be offered to this growing, but underserved, part of the community. IBCCES is the only credentialing board offering these types of programs, which include training from subject matter experts and autistic self-advocates, as well as long-term support, continuous learning, and more.

IBCCES also created [CertifiedAutismCenter.com](http://CertifiedAutismCenter.com), a free online resource for parents that lists certified locations and healthcare professionals. Each organization listed on the site has met Certified Autism Center™ (CAC) requirements.
