The new collection, featuring advanced materials and user-friendly features, aims to set a new standard in an industry ripe for innovation.

Enhancing Dog Walk with Better Control

The Good Walker Leash offers a unique leverage point allows the owners to guide a dog with ease. This added control naturally encourages a calmer mindset in the dog because it mimics the pressure a mom would apply to correct her puppy and calm it down. It's an effective way to help the dog stay focused and relaxed, turning every walk into a smoother, more enjoyable experience.

Encouraging Positive Walking Habits

The Good Walker Leash isn't just about making life easier—it's about creating better walks for pups too. This innovative line of Leashes helps reinforce calm, focused behavior while keeping those pulls in check.

Explaining about the new line by the Alys Puppy Bootcamp team says "The Good Walker Leash gives you the ability to offer gentle guidance when needed, helping your dog understand what's expected—without being too harsh.
