

New Toy Subscription alternative finally in the US

Monthly science kits for kids aged 4-12 bring hands-on STEAM learning, creativity, and family fun right to U.S. homes.

LOS ANGELES, CA, UNITED STATES,
November 20, 2024 /

EINPresswire.com/ -- Science4you, a leading European manufacturer of educational STEAM toys, is excited to announce the launch of its new subscription-based service for science kits in the United States. This service provides monthly deliveries of hands-on, educational STEAM (Science, Technology, Engineering, Arts, and Mathematics) projects for children aged 4-12, combining fun, learning, and family engagement in a safe and innovative way.

With a strong global presence and over 20 million educational toys shipped worldwide, Science4you aims to empower children to explore, create, and think critically through scientific activities that spark curiosity and imagination. The newly launched subscription kits offer U.S. families the chance to introduce their children to a wide range of scientific fields, including chemistry, physics, geology, arts, and more, through interactive experiments and projects.

The Clear Choice: Advantages of Choosing Science4you's Subscription

Science4you offers a subscription option that stands out from competitors in terms of value, quality, and variety. The plan includes an average of over 10 activities per month, covering multiple subjects like Chemistry, Arts, and Geology in a single subscription — compared to the

Science4you toys subscription

typical 1 to 4 activities and limited subjects offered by other services. With over 15 years of experience in the market, Science4you's products are reviewed by universities and manufactured in Europe, ensuring a high standard of educational quality. Additionally, with a starting price of \$17.99 per month, this subscription presents itself as a more affordable and comprehensive choice for parents and educators in the United States seeking toy subscription options.

Key Features of the Subscription Service

Each month, children will receive an exciting and educational kit filled with fun science experiments - ranging from exploring the wonders of chemistry and physics to discovering the beauty of geology and arts & crafts. The kits are designed to encourage independent exploration and learning while promoting a love for science from an early age.

Here are the key features of Science4you's subscription service:

1. Endless Fun While Learning

Each kit includes over 10 experiments or activities designed to keep children engaged and learning for an entire month. With a new theme every month, children remain excited about science while developing problem-solving skills and creativity.

2. Quality Family Time

Science4you's subscription kits provide valuable family experiences, encouraging parents and guardians to spend meaningful time together through educational activities. These kits offer a platform for families to bond over learning, sparking conversation and teamwork.

3. Safe and Expertly Designed

Safety is a top priority at Science4you. Each kit is developed by a team of scientists and experts, adhering to strict safety standards in Europe, the U.S., and Canada. Parents can have peace of mind knowing that their children are experimenting with toys that are 100% safe and thoroughly tested.

4. STEAM Approach

At its core, Science4you promotes STEAM education, offering children a foundational understanding of science, technology, engineering, arts, and mathematics. These fields are essential in preparing young learners for future careers and in enhancing critical thinking, collaboration, and communication skills.

Subscription Options and Payment

Science4you's subscription kits are available for two age groups:

[4-8 years old](#)

[8-12 years old](#)

Parents can choose from flexible subscription plans, including monthly, 3-month, 6-month, or

annual options. Prices start at just \$17.99 per month, and all plans include free shipping within the U.S., with kits delivered directly to your doorstep.

A Trusted Brand with Global Experience

With 15 years of expertise in the educational toy market, Science4you has earned the trust of parents and educators worldwide. The company's mission is to inspire children to dream big and reach their full potential by making learning a fun and interactive experience.
