EINPresswire.com/ -- In response to the European Union's recent [VAT and customs](#) regulation updates, [Sisters of the Valley](#) has implemented a pre-paid tax and customs system for all orders shipped to the EU. This streamlined approach ensures that customers will enjoy a transparent, hassle-free purchase experience, with no surprise fees or delays upon delivery.

After testing with a few sales to Slovenia and Belgium, the Sisters of the Valley can now safely announce that all orders shipped to EU countries will

include VAT and customs duties in the purchase price. The changes are part of the Sisterhood's commitment to maintaining the highest standards of global compliance, while adapting to regulatory shifts that are reshaping cross-border commerce.
