Millstone Township, NJ Deployed OPRA Request Module and More With GovPilot

Millstone, NJ expands their partnership with the government management software provider to streamline operations and government services in the municipality.

Millstone Township, NJ Deployed OPRA Request Module and More With GovPilot

MILLSTONE, NJ, UNITED STATES, November 13, 2024 / EINPresswire.com/ -- Customer Since 2024 with 7 Total Modules Deployed

The Township of Millstone, NJ has implemented additional government management software solutions into their municipal offices for 2024 in order to automate processes, digitally manage data, and engage citizens via the cloud with GovPilot - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, this municipality of Monmouth County, expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Millstone Township, NJ.

Millstone Township added the following solution to their municipality; learn all about them:

OPRA (Freedom of Information Act) Request Module: Clerks can accept and manage public record requests online. Once submitted, the deadline dates and appropriate notifications can be set automatically. Departments are then able to easily upload and respond to a request with the clerk keeping control over when it is fulfilled.

Land Use Module: The Land Use Module allows the public to apply for variances and other types

of use for their land.

All additional software solutions deployed by Millstone Township in 2024 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers to dedicate their valuable time to more pressing municipal tasks, and saving constituents the hassle of traveling to city hall in person.

GovPilot By the Numbers for 2023
Total Modules Deployed Across all Accounts Nationwide: 354
Median Deployment Days: 47

Are you a local government official or employee? To learn more about GovPilot and what this transformative software can do for your municipality, book a free 15-minute consultation.
