[/EINPresswire.com/](https://www.einpresswire.com/) -- The Business Research Company's Early Year-End Sale! Get up to 30% off detailed market research reports—limited time only!

The hospital outsourcing market has expanded significantly in recent years, projected to increase from \$382.76 billion in 2023 to \$437.94 billion in 2024 at a compound annual growth rate (CAGR) of 14.4%. This growth has been driven by factors such as efforts to contain costs, a focus on core competencies, the need for regulatory compliance, globalization, risk management, and improvements in service quality.

The hospital outsourcing market size is expected to see rapid growth in the next few years. It will grow to \$730.99 billion in 2028 at a compound annual growth rate (CAGR) of 13.7%."

The Business Research Company

What Is the Expected Size of the [Global Hospital Outsourcing Market](#), and How Fast Will It Grow?

The hospital outsourcing market is anticipated to experience rapid growth in the coming years, projected to reach \$730.99 billion by 2028 with a compound annual growth rate (CAGR) of 13.7%. This growth is expected to result from factors such as the demand for patient-centric

services, the increasing complexity of healthcare offerings, the need for flexibility and scalability, heightened cybersecurity concerns, and a focus on population health management.

What Is Accelerating Growth in the Hospital Outsourcing Market?

The growing number of diabetic patients in hospitals is expected to drive the growth of the hospital outsourcing market in the future. Hospitals often turn to outsourcing services when they experience a surge in patient volume that their current infrastructure cannot accommodate. This trend is largely due to the rise in chronic conditions, such as diabetes and cardiovascular diseases, which contribute to higher admission rates and increased pressure on medical operations.
