

Key Driver of the 2024 Fuel Ethanol Market: Rising Ethanol Consumption in the Automobile Industry

The Business Research company's Key Driver of the 2024 Fuel Ethanol Market: Rising Ethanol Consumption in the Automobile Industry

LONDON, GREATER LONDON, UNITED KINGDOM, November 15, 2024 /EINPresswire.com/ -- [The Business Research Company's](https://www.thebusinessresearchcompany.com) Early Year-End Sale! Get up to 30% off detailed market research reports—limited time only!

The fuel ethanol market has seen substantial growth in recent years, projected to increase from \$96.06 billion in 2023 to \$102.32 billion in 2024, reflecting a compound annual growth rate (CAGR) of 6.5%. The growth during the historical period can be attributed to the expansion of the automotive industry, government policies and regulations encouraging the use of biofuels, the demand for ethanol as an industrial solvent, shifts in consumer behavior, and overall economic growth.

The growth during the historical period can be attributed to the expansion of the automotive industry, government policies and regulations encouraging the use of biofuels, the demand for ethanol as an industrial solvent, shifts in consumer behavior, and overall economic growth.

“

It will grow to \$131.64 billion in 2028 at a compound annual growth rate (CAGR) of 6.5%.”

The Business Research Company

What Is the Estimated Growth Rate and Market Size of the Global Fuel Ethanol Market?

The fuel ethanol market is anticipated to experience robust growth in the coming years, projected to reach \$131.64 billion by 2028, with a compound annual growth rate (CAGR) of 6.5%. This growth during the forecast period can be attributed to the rising demand for biofuels and renewable energy sources, increasing adoption of ethanol as a fuel additive, the expansion of the chemical and pharmaceutical industries, growing demand for ethanol-based beverages, and heightened usage

pharmaceutical industries, growing demand for ethanol-based beverages, and heightened usage

of ethanol in the transportation sector.

Which Top Companies Are Shaping The Growth Of The Fuel Ethanol Market?

Key players in the fuel ethanol market include Mitsubishi Chemical Corporation, Valero Energy Corporation, The Andersons Inc., Aemetis Inc., British Petroleum Company plc, Cargill Incorporated, Archer Daniels Midland Company, LyondellBasell Industries Holdings B.V., Sasol Limited, Solvay SA, DuPont de Nemours Inc., Delta-T Corporation, Raízen S.A., Green Plains Inc., Renewable Energy Group Inc., Flint Hills Resources, CropEnergies AG, Abengoa Bioenergy, Aventine Renewable Energy Holdings Inc., Big River Resources LLC, Red Trail Energy LLC, Marquis Energy LLC, ICM Inc., Panda Energy International Inc., POET LLC, Pacific Ethanol Inc., BlueFire Renewables, Advanced BioEnergy LLC,

Which Emerging Trends Are Reshaping the [Fuel Ethanol Market Size](#)?

Key companies in the fuel ethanol market are establishing partnerships to create new products and enhance their market positions. These collaborations foster innovation, utilize complementary expertise, and expedite the development and commercialization of advanced solutions by pooling resources and capabilities.

What Are The Segments In The Global Fuel Ethanol Market?

- 1) By Product: Starch Based, Sugar Based, Cellulosic
- 2) By Source: Synthetic, Natural
- 3) By Raw Material: Maize, Wheat, Industrial Beets, Sugarcane, Cereal and Starch, Other Raw Materials
- 4) By Application: Conventional Vehicles, Flexible Fuel Vehicles
- 5) By End-User: Automotive, Oil and Gas, Other End Users

North America: Largest Region in the Fuel Ethanol Market

North America was the largest region in the market in 2023. Asia-Pacific is expected to be the fastest-growing region in the report during the forecast period. The regions covered in the report

are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa

How Is The Fuel Ethanol Market Defined?

Fuel ethanol, known as ethyl alcohol, is an alcohol produced from corn, sugarcane, grains, and sometimes paper waste. It is the main type of alcohol found in most alcoholic beverages, created through the fermentation of a mash made from grains or sugarcane. Fuel ethanol serves as a fuel source that is commonly blended with gasoline to oxygenate the fuel at gas stations. Moreover, ethanol fuel is utilized to power vehicles.

The Fuel Ethanol Global Market Report 2024 from The Business Research Company includes the following key information:

- Market size data for both historical and future periods
- Analysis of both macro and microeconomic factors that have impacted the market over the past five years
- Regional market analysis covering Asia-Pacific, China, Western Europe, Eastern Europe, North America, the USA, South America, and the Middle East and Africa
- Country-specific market analysis for Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, the UK, and the USA.

Overview of the Global Fuel Ethanol Market Report: Trends, Opportunities, Strategies, and More
The Fuel Ethanol Global Market Report 2024 from The Business Research Company is an extensive resource that delivers insights into fuel ethanol market size, fuel ethanol market drivers and trends, fuel ethanol competitors' revenues, and fuel ethanol market growth across geographies. This report provides valuable in-depth insights into potential opportunities and strategies. Companies can utilize the information presented to target segments with the greatest growth potential.

What Services Does The Business Research Company Offer?

The Business Research Company has published more than 15,000 reports spanning 27 industries and over 60 regions. Our research is supported by 1.5 million datasets, thorough

secondary research, and unique insights gained from interviews with industry experts. We offer ongoing and customized research services, featuring a variety of specialized packages designed to meet your specific needs, such as Market Entry Research, Competitor Tracking, Supplier & Distributor Packages, and many others.

Our flagship product, the Global Market Model, serves as a leading market intelligence platform that provides comprehensive and updated forecasts to facilitate informed decision-making.
