

Senior Pastor and Former Senior IRS Agent Reveals Proof of God's Existence Through Science and Personal Transformation

LOS ANGELES, CA, UNITED STATES, November 14, 2024 /EINPresswire.com/ -- Senior Pastor and former Senior IRS Agent, [Mr. Tom Logan](#), is set to release a captivating book that challenges the skepticism of atheists, agnostics, and critics. This groundbreaking work titled "[What Happens to Each When We Die: Spirit, Soul, and Body.](#)" answers some of the most profound mysteries of existence. It also presents compelling evidence for the existence of God.

Looking back into the origins of the universe, the author verifies the most contested claim of the time and shows how scientific discoveries, such as the Big Bang theory and the Second Law of Thermodynamics, align with the biblical account of creation.

By weaving together scientific principles and theological insights, Mr. Logan presents a compelling case that sheds new light on the age-old debate between science and faith.

However, in this book, Mr. Logan also seeks to present more than a scientific exploration. He shares his personal odyssey, chronicling his journey from a life driven by materialistic pursuits to a profound spiritual awakening. Through this narrative, readers will witness the author's discovery of the true meaning of life, the essence of morality, and the depth of spiritual fulfillment.

The book also explores profound theological concepts, including the Trinity and the interplay between spirit, soul, and body. Drawing from personal anecdotes and biblical insights, Mr. Logan offers a unique perspective on the intersection of faith, reason, and personal growth. Having navigated a career in the financial world to a calling in ministry, Mr. Logan brings a wealth of experience and wisdom to his readers. "Spirit, Soul, and Body: [A Journey of Discovery](#)" is a must-read for individuals on a quest for deeper meaning, seeking to reconcile their faith with the modern scientific landscape, or simply yearning for a transformative journey of discovery and
