

# NUTOMO Unveils the M3 Thumbprint Door Lock: The Future of Home Security is Here

*The M3 keyless entry fingerprint deadbolt offers an impressive eight ways to unlock the door, allowing users to choose their preferred access method.*

FL, UNITED STATES, November 15, 2024 /EINPresswire.com/ -- NUTOMO, a leading innovator in smart home security solutions, is excited to announce the launch of its latest product, the M3 [Thumbprint Door Lock](#). Engineered to provide enhanced convenience and security, the M3 is set to protect homes, apartments, and offices.

The M3 [keyless entry fingerprint deadbolt](#) offers an impressive eight ways to unlock the door, allowing users to choose their preferred access method. Options include fingerprints, passcodes, app control, IC cards, mechanical keys, Alexa voice control, eKeys, and remote control (gateway sold separately). It ensures that homeowners have immediate access to their home.

Key Features of the M3 [Front Door Lock](#)

Keyless Convenience: The M3

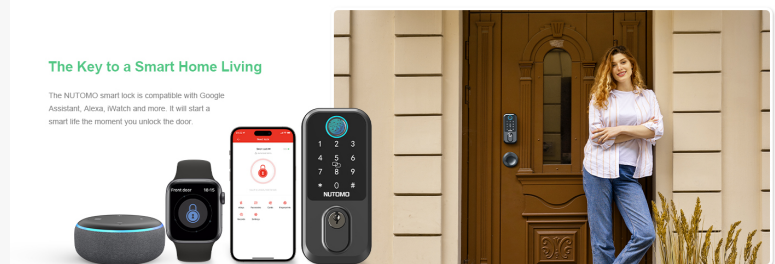

thumbprint door lock can store 100 fingerprints, 250 passcodes, and 1,000 IC cards. Enjoy rapid access with a fingerprint recognition time of just 0.1 seconds and an impressive accuracy rate of over 99.99%, eliminating the hassle of forgotten keys.

**Fits Most Standard Doors:** Designed to accommodate a wide range of door sizes, the M3 comes with two adjustable metal door latches (2-3/8" or 2-3/4") and is compatible with doors measuring from 1-1/4" to 1-3/4" thick. Whether the door swings left or right, the M3 is the perfect fit for any setting.

**Easy DIY Installation:** Installing the M3 is a breeze. It can be easily mounted on standard pre-drilled doors, with voice prompts guiding each user through the setup process. All that is needed is a screwdriver, making it accessible for everyone.

**Long-Lasting Battery Life:** Powered by 4 AA batteries (not included), the M3 front door lock can last up to 6 months. The Next lock app conveniently reminds users to replace the batteries when they are running low, and allows them to check the battery status at any time.

**Anti-Peeping Passcode Feature:** Security is paramount, which is why the M3 includes an anti-peeping feature. If someone attempts to spy on, the keypad will lock for 3 minutes after 5 incorrect attempts, safeguarding the access information.

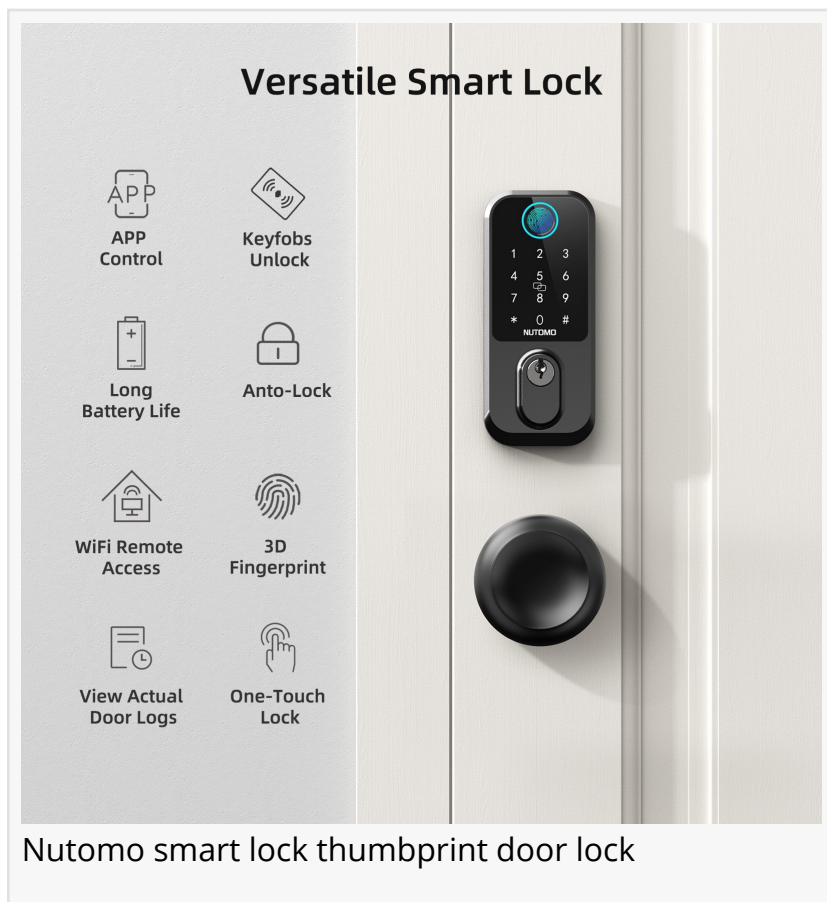

#### Reliable Customer Service and Warranty
