

# Pearl River Wenjiang Block B by Shanxing Gao Wins Bronze in A' Urban Design Awards

*Shanxing Gao's Innovative Urban Design Project Recognized with Prestigious A' Design Award*

COMO, CO, ITALY, November 15, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected recognition in the field of [urban planning](#) and design, has announced [Shanxing Gao's](#) "Pearl River Wenjiang Block B" as the Bronze winner in the Urban Planning and Urban Design category. This prestigious accolade highlights the significance of Gao's innovative project within the urban planning industry, acknowledging its outstanding contribution to advancing design standards and practices.

The Pearl River Wenjiang Block B project holds immense relevance for the urban planning industry and its stakeholders. By showcasing a thoughtful integration of diverse transportation systems, open blocks, and livable spaces, Gao's design aligns with current trends and needs in urban development. This award-winning project offers practical benefits for users and the industry alike, setting a new benchmark for functionality, aesthetics, and innovation in urban planning.

Shanxing Gao's Pearl River Wenjiang Block B stands out for its unique features and meticulous design. The project comprises 14 high-rise office towers, 10 commercial pedestrian streets, and podiums along the street, creating a vibrant and accessible urban landscape. By introducing the concept of "CAZ" and reconstructing spatial layout and industrial functions, Gao has shaped a colorful and dynamic urban form that promotes a healthy and livable lifestyle for diverse groups of people.

Pearl River Wenjiang Block B

The Bronze A' Design Award for Pearl River Wenjiang Block B serves as a testament to Shanxing Gao's dedication to excellence and innovation in urban planning. This recognition is expected to inspire future projects and directions within Gao's practice, fostering further exploration and advancement in the field. The award also motivates Gao and his team to continue striving for exceptional design solutions that enhance the built environment and improve quality of life for urban dwellers.
