

# CYPFER Expands Global Presence with New LATAM Headquarters in Mexico

MIAMI, FL, UNITED STATES, November 19, 2024 /EINPresswire.com/ -- CYPFER, a leader in cyber recovery and incident response, is pleased to announce the opening of its new LATAM headquarters in Mexico City. This strategic expansion strengthens CYPFER's ability to provide immediate, on-the-ground support across Latin America, delivering the highest standards of cybersecurity, threat intelligence, and recovery-led incident response to organizations in the region.

"With our LATAM headquarters, CYPFER reaffirms its commitment to protecting businesses and critical infrastructure across Latin America," said Daniel Tobok, CEO of CYPFER. "We are deeply invested in this region, and having a dedicated office in Mexico allows us to respond faster and more effectively to local clients, backed by a team that understands the unique cyber landscape in Latin America. This is not just an expansion—it's a pledge to work shoulder-to-shoulder with LATAM organizations, offering them the same level of cybersecurity certainty we bring to clients worldwide."

Over the past several years, CYPFER has supported numerous clients in Latin America, building an extensive track record of success in managing complex cyber incidents. The new LATAM headquarters, staffed by an expert team with deep knowledge of local threat actors and industry-specific vulnerabilities, reinforces CYPFER's commitment to providing proactive and responsive support for clients in this rapidly evolving digital environment.

The Mexico City office marks a significant milestone in CYPFER's global growth strategy, enabling the firm to expand its comprehensive suite of services—from cyber risk assessment to full-scale incident response—across Latin America. By establishing a strong local presence, CYPFER ensures that LATAM clients benefit from the same recovery-focused, 24/7 support that distinguishes CYPFER as a trusted leader in cyber defense.
