/EINPresswire.com/ -- Solution

Systems, Inc. (SSI), a leading Microsoft partner specializing in Dynamics 365

[Business Central](#) implementations,

support, and licensing, is excited to

announce the launch of its innovative [Affiliate Program](#). This program aims to provide strategic partnership opportunities for businesses and individuals looking to refer potential clients in need of a comprehensive ERP solution.

“

Our new Affiliate Program is a game-changer for anyone looking to add an ERP-services profit center to their existing business.”

Keith Petersen

The new Affiliate Program offers a straightforward and lucrative way for partners to earn referral commissions by introducing clients to Microsoft Dynamics 365 Business Central. By joining the program, affiliates can earn a 20% commission on eligible fees from services such as software licensing, managed services, and consulting.

Key Benefits of the Solution Systems Affiliate Program Include:

- **Generous Commission Structure:** Affiliates receive a 20% share of eligible fees, making it one of the most competitive offerings in the ERP industry.
- **Comprehensive Support:** Affiliates gain access to a dedicated team of business software consultants and a range of co-marketing opportunities to help nurture and convert referrals.
- **Simple Onboarding and Transparent Payments:** The program offers an easy enrollment process, with payments made within 60 days after SSI receives payment from referred clients.

“Our new Affiliate Program is a game-changer for anyone looking to add an ERP-services profit

center to their existing business," said Keith Petersen, Vice President of Growth at Solution Systems. "Our go-to-market playbook makes it simple for partners to launch an ERP practice that will drive growth and increased stickiness with their clients."

How the Program Works:

1. Referral Submission: Affiliates refer potential clients (prospects) who may benefit from Microsoft Dynamics 365 Business Central.
2. Qualifying Period: Prospects are tracked for six months, allowing sufficient time for engagement and conversion.
3. Earn Commission: Once a prospect becomes a paying client, affiliates earn a 20% commission on eligible fees throughout a 12-month referral period.

This program is ideal for technology consultants, business advisors, and companies with an audience or clientele in need of a robust ERP system like Business Central. Affiliates can expect a seamless experience and transparent reporting, ensuring they are fully informed about the status of their referrals and commissions.
