

Kosher Food Market Size is Estimated to Reach USD 25.6 Billion by 2026, Growing at a CAGR of 3.7%

WILMINGTON, DE, UNITED STATES,
November 19, 2024 /

EINPresswire.com/ -- The [global kosher food market size](#) was valued at \$19.1 billion in 2018, and is projected to reach \$25.6 billion by 2026, growing at a CAGR of 3.7% from 2019 to 2026. In 2018, North America accounted for nearly 40% share of the kosher food market.

Over the years, general awareness among consumers about the availability of kosher certified products has increased exponentially. They are now aware of the side effects of synthetic ingredients used in food, and using kosher ingredients as an alternative for artificial ingredients. Consumers today are shifting toward newer food styles, and kosher is merging as a new trend in the food industry, which is not only limited to Jewish community but is being accepted by the consumers of all religions.

The kosher food market growth in value sales for vegan food and clean label products is attributed to surge in demand for different kosher food, which facilitate better alternative for synthetic products. Thus, increase in willingness of customers for different types of natural ingredients in food & beverages and also the production of food with kashrut law is expected to fuel the demand for kosher food market.

The food industry has been evolving in terms of innovations and demand. Manufacturers are focusing on key innovations that cater to the requirements of their target consumers who are demanding kosher certification for food items. Increase in awareness toward health and wellness has been witnessed among people residing in the developed as well as the developing countries. This has resulted in increased demand for various types of special kosher food made using organic products. Thus, kosher food are gaining increased traction among food & beverage manufacturers, which significantly drives the growth of the global market.

Kosher food have witnessed higher rate of penetration in North America and Europe. However, low availability has been observed for this product in some major parts of Asia-Pacific and LAMEA, which is attributed to low performing macro-economic factors such as internet penetration and aggressive marketing strategies by the manufacturers. Thus, lower penetration of such products limits the growth of the kosher food market in some of the underdeveloped regions.

The key players operating in the global kosher food industry include Empire Kosher Poultry, Inc., Unilever, General Mills (Yoplait), Cargill, Nestle, Conagra Brands, Dean Foods, PepsiCo Beverage & Foods (Tropicana), The Hain Celestial Group, and Bob's Red Mill.
