Epoxide Global Market Report 2024 - Market Size, Trends, And Global Forecast 2024-2033

The epoxide market has experienced significant growth in recent years. It is expected to rise from \$70.08 billion in 2023 to \$74.3 billion in 2024, reflecting a compound annual growth rate (CAGR) of 6.0%. The growth in the past period can be attributed to industrial applications, advancements in material science, the expansion of construction and infrastructure, growth in the automotive sector, and the boom in consumer electronics.

“

The epoxide market size is expected to see strong growth in the next few years. It will grow to \$95.21 billion in 2028 at a compound annual growth rate (CAGR) of 6.4%.”

What Are The Forecasts For The [Global Epoxide Market](#) Size And The Predicted Annual Growth Rates?

The epoxide market is projected to experience robust growth in the coming years, expected to reach \$95.21 billion by 2028, with a compound annual growth rate (CAGR) of 6.4%. This growth is driven by factors such as the

surge in electric vehicles (EVs), the use of biocompatible materials, advancements in infrastructure resilience, growth in advanced electronics manufacturing, and the rise of circular economy initiatives.

What Are The Major Factors Driving The Growth Of The Epoxide Market?

The increasing demand for soap and soap products is anticipated to drive the growth of the epoxide market in the coming years. Soap is a fatty acid salt used in various cleansing and lubricating products. Soap products like detergents, gels, and others are commonly used for washing and cleaning. Ethylene epoxide is utilized as a key ingredient in soap production, helping to enhance the potential hydrogen (pH) levels, thereby improving the quality and performance of the soap.

Which Major Market Players Are Propelling the Epoxide Market?

Key players in the epoxide market include Exxon Mobil Corporation, BASF SE, Badische Anilin- und SodaFabrik, Dow Inc., Huntsman International LLC, LG Chem Ltd., 3M Company, Wanhua Industrial Group Co. Ltd., Covestro AG, Solvay SA, Nan Ya Plastics Corporation, Eastman Chemical Company, Olin Corporation, LANXESS Deutschland GmbH, Lubrizol Corporation, Daelim Co. Ltd., Daicel Corporation, ADEKA CORPORATION, Evonik Industries AG, Hexion, Ashland Global Holdings Inc., UPC Technology Corporation, KUKDO CHEMICAL CO. LTD., Mapei S.p.A., Atul Ltd., Dymax Corporation, Galata Chemicals Galata Chemicals LLC, INEOS Capital Limited, H.B. Fuller Construction Products Inc., Chang Chun Plastics Co. Ltd., Jiangsu Sanmu Group, Techstorm Advanced Materials

What Trends Are Shaping the Future of the Epoxide Market Size?

Leading companies in the epoxide market are concentrating on product innovations, such as launching thermally conductive epoxy product lines, to address the evolving demands of various industries. These thermally conductive epoxy products are designed to efficiently transfer heat while preserving the bonding and sealing properties of conventional epoxy formulations.

What Is the Segmentation of the Global Epoxide Market?

- 1) By Type: Ethylene Oxide, Propylene Oxide
- 2) By Component: Epoxies, Hardeners
- 3) By Application: Coated Fabric, Wire and Cable, Flooring and Wall Coverings, Film and Sheet, Medical Devices, Consumer Goods, Other Applications

Regional Insights: North America's Dominance in the Epoxide Market

North America was the largest region in the market in 2023. Asia-Pacific is expected to be the fastest-growing region in the report during the forecast period. The regions covered in the report

are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

What Is The Definition Of The Epoxide Market?

Epoxides are volatile, organic, cyclic ether compounds that are colorless and non-polar. The core structure of an epoxide features an oxygen atom attached to two adjacent carbon atoms of a hydrocarbon chain. The most widely used epoxy resin is produced through the reaction of epichlorohydrin with bisphenol

The Epoxide Global Market Report 2024 from The Business Research Company includes the following key information:

- Market size data for both historical and future periods
- Analysis of both macro and microeconomic factors that have impacted the market over the past five years
- Regional market analysis covering Asia-Pacific, China, Western Europe, Eastern Europe, North America, the USA, South America, and the Middle East and Africa
- Country-specific market analysis for Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, the UK, and the USA.

[Overview of the Global Epoxide Market](#) Report: Trends, Opportunities, Strategies, and More

The Epoxide Global Market Report 2024 from The Business Research Company is an extensive resource that delivers insights into epoxide market size, epoxide market drivers and trends, epoxide competitors' revenues, and epoxide market growth across geographies. This report provides valuable in-depth insights into potential opportunities and strategies. Companies can utilize the information presented to target segments with the greatest growth potential.

What Services Does [The Business Research Company](#) Offer?

The Business Research Company has published more than 15,000 reports spanning 27 industries and over 60 regions. Our research is supported by 1.5 million datasets, thorough secondary research, and unique insights gained from interviews with industry experts. We offer ongoing and customized research services, featuring a variety of specialized packages designed to meet your specific needs, such as Market Entry Research, Competitor Tracking, Supplier &

Distributor Packages, and many others.

Our flagship product, the Global Market Model, serves as a leading market intelligence platform that provides comprehensive and updated forecasts to facilitate informed decision-making.
