*Treadway is Amazing .*

Bass Photography in downtown Tryon will host the work of renowned artist John Lowell Treadway whose fanciful pieces, known as mindscapes, set his work apart from his contemporaries.

His intricate and detailed drawings feature birds and other creatures in ink, pencil, and mixed media. He was educated at the Art Institute of Chicago and the Miller -Wagner School of Decorative Arts and studied privately with the renowned landscape artist John Rogers Cox. His work has been featured on posters for bands "The Grateful Dead" and "Widespread Panic".

The exhibit featuring Treadway's book and work opens this month at the [Carri Bass Photography](#) , 158 N. Trade St. November 15th through December.
