

TeckNexus Announces 2024 Private Networks Award Winners: Celebrating Excellence in 5G, LTE, CBRS, & Connected Industries

Discover the Award-Winning Deployments Driving Innovation Across Industries Like Manufacturing, Utilities, and Smart Cities

SAN FRANCISCO, AZ, UNITED STATES, November 21, 2024 /

EINPresswire.com/ -- [TeckNexus](https://www.tecknexus.com) is proud to announce the winners of the 2024 Private Networks Awards, recognizing exceptional achievements in private 5G, LTE, CBRS, and connected industries. These prestigious awards celebrate companies and partnerships that are transforming connectivity across sectors such as manufacturing, utilities, smart cities, public safety, and more. Each winner was carefully evaluated on innovation, scalability, impact, and societal contributions, showcasing how advanced connectivity is solving complex challenges and driving growth globally.

□ [2024 Private Networks Award Winners](#)

□ Excellence in Private 5G/LTE Networks

Winner: Nokia

Highlight: Transforming industrial operations with Nokia Digital Automation Cloud (DAC) and Modular Private Wireless (MPW), delivering scalable and sustainable connectivity solutions.

□□ Excellence in Neutral Host Networks

Winner: Celona

Partners: Del Conca, T-Mobile

Highlight: Enhancing manufacturing connectivity with CBRS-enabled private wireless networks, improving operational resilience and mobility.

□ Excellence in Private Network Startups

Winner: GXC

Highlight: Delivering innovative connectivity with the ONYX Platform powered by Cellular Mesh technology.

□ Excellence in Private Network Security

Winner: OneLayer

Highlight: Leading with Zero Trust and Zero-Touch automation to secure private LTE/5G networks.

□ Excellence in Private Network AI and Generative AI Integration

Winner: Southern California Edison (SCE) & NVIDIA

Highlight: Transforming utility operations with Project Orca, leveraging AI and predictive analytics for enhanced reliability.

□ Private Network Excellence in System Integration

Winner: L&T Technology Services (LTTs)

Partners: Ericsson, Athonet (HPE), Indian Mobile Operator

Highlight: Bridging OT and IT with advanced system integration for seamless industrial automation.

□ Private Network Excellence in Network Assurance

Winner: Anritsu

Partner: SmartViser, Major European Airline

Highlight: Ensuring performance and reliability in mission-critical private networks.

□ Private Network Excellence in Sustainability

Winner: Nokia

Highlight: Driving sustainability with the Private Wireless Sustainability Calculator to help industries achieve net-zero goals.

□ Private Network Excellence in Innovation

Winner: Southern California Edison (SCE) & NVIDIA

Highlight: Redefining utility connectivity with Project Orca, powered by AI-driven insights and private 5G.

Congratulations to TeckNexus Private Network award winners 2024

A graphic for showcasing a brand in the TeckNexus Private Network Award Winners 2024 magazine edition. The top left features the text "TECKNEXUS PRIVATE NETWORK AWARD WINNERS". The top right has a blue box with "Showcase YOUR BRAND" in white and yellow. Below this, it says "IN PRIVATE NETWORK MAGAZINE EDITION". The middle section contains a grid of logos for "LEADERS" (Nokia, Celona, GXC, OneLayer, NTT Data, Edison, Nvidia, Anritsu, Fiducia AI, InfiniG, Cummins, LifeSigns, flo LIVE, Invences, Samsung, Naver Cloud) and "CUSTOMERS AND PARTNERS" (Verizon, AT&T, Cisco, Intel, Hewlett Packard Enterprise, Delcomca, Purdue University, Saab, Audi, Brownsville, SmartViser, Mosolabs, Ripsim, Starlink, Trilogy, HO BAN, RAI Amsterdam). The bottom right has a white box with "RESERVE SPOT" and "contact@tecknexus.com". The bottom of the graphic has a yellow bar with "www.tecknexus.com".

Showcase your Brand in Private Network Magazine Alongside Industry Leader

□ Private Network Excellence in Innovation – Application

Winner: Fiducia Sports AI

Highlight: Enhancing fan engagement with AI, AR, and 5G-powered immersive experiences in sports and entertainment.

□ Private Network Excellence in Manufacturing

Winner: Ericsson

Highlight: Advancing Industry 4.0 with private 5G at global smart factory sites.

□ Private Network Excellence in Energy and Utilities

Winners: Nokia & Southern California Edison (SCE)

Highlight: Deploying North America's first private 5G Field Area Network (FAN) for smart grid optimization.

□□ Private Network Excellence in Sports and Events Venue

Winner: NTT DATA

Partner: Cisco

Highlight: Transforming RAI Amsterdam into Europe's most connected venue with private 5G.

□ Private Network Excellence in Warehouse and Logistics

Winner: GXC

Highlight: Revolutionizing poultry logistics with private LTE for improved automation and supply chain efficiency.

□□ Private Network Excellence in Mining

Winner: Ericsson

Highlight: Enhancing safety and efficiency with private 5G connectivity in mining operations.

□□ Private Network Excellence in Airports

Winner: Ericsson

Partners: Purdue University & Saab

Highlight: Innovating aviation operations with private 5G at Purdue University Airport.

□ Private Network Excellence in Automotive

Winner: Nokia

Partners: Verizon Business, Audi

Highlight: Transforming automotive testing with connected vehicle solutions powered by private 5G.

□ Private Network Excellence in Education

Winner: InfiniG

Partners: Parkside Elementary School, Intel, AT&T, T-Mobile

Highlight: Enhancing campus safety and connectivity with private mobile networks.

□ Private Network Excellence in Public Safety

Winner: Cumucore

Partners: Ripsim, Mosolabs, Starlink

Highlight: Restoring critical connectivity during emergencies in Western North Carolina.

□ Private Network Excellence in Agriculture

Winner: Invences

Partner: Trilogy Networks

Highlight: Revolutionizing precision farming with private 5G networks.

□□ Private Network Excellence in Smart Cities

Winners: NTT DATA & Nokia

Partner: City of Brownsville

Highlight: Modernizing urban infrastructure and public safety with private 5G.

□□ Private Network Excellence in Construction

Winners: Samsung & NAVER Cloud

Partner: Hoban Construction

Highlight: Transforming construction site management with private 5G networks.
