Black Friday Sales Highlights - Up to 45% Off

[Plug-in Outlet Extender](#): This device includes 6 AC receptacles, 2 USB-C ports, and 1 USB-A port. It features impressive surge protection up to 1500 Joules. It easily mounts to the outlet, simply plug it in.

[Dual Technology Passive Infrared \(PIR\) Motion Sensor & Dimmer Light Switch](#): Conveniently dim lights to set the preferred ambiance. The switch saves the last setting so the dimmer does not have to be reset unless desired.

[Dual Technology Air Circulator and Passive Infrared Switch](#): A two-in-one device that automates fans and automatically turns on the light. Manual buttons are available to override the

automated settings.

USB Outlet with Power Delivery: A high-tech USB outlet with 2 AC receptacles, 1 USB-A port, and 1 USB-C port with Gallium Nitride (GaN) technology. The device maintains a powerful 60W max in the USB-C port.

Power Strip: A traditional power strip with a modern design. Surge protected up to 48 Joules for additional safety.

Humidity Sensor Switch: Keep spaces mold-free and fresh with a humidity sensor that will trigger the fan when the space gets too humid.

Light Switch: User-friendly paddle switch with a modern and sophisticated design.

Timer Switch: Save energy by setting lights, fans, and more on a timer.

Combination Switch: Conveniently control three separate electric loads in a single gang location.

Guide Light Devices: Modern outlet and light switches that include an automatic daylight sensor that triggers a subtle LED light for user convenience.

Wi-Fi Fan and Light Switch: Easily control the fan and light switch from the convenience of a smartphone.

Screwless Metal Wall Plate: An elegant and durable twist on traditional wall plates.

Screwless Wall Plate: Lider Electric's staple—an attractive wall plate with all the traditional functions, but also an improved, modern design.
