

Simple Harmonic by Ekko Chen Wins Bronze in A' Interior Design Awards

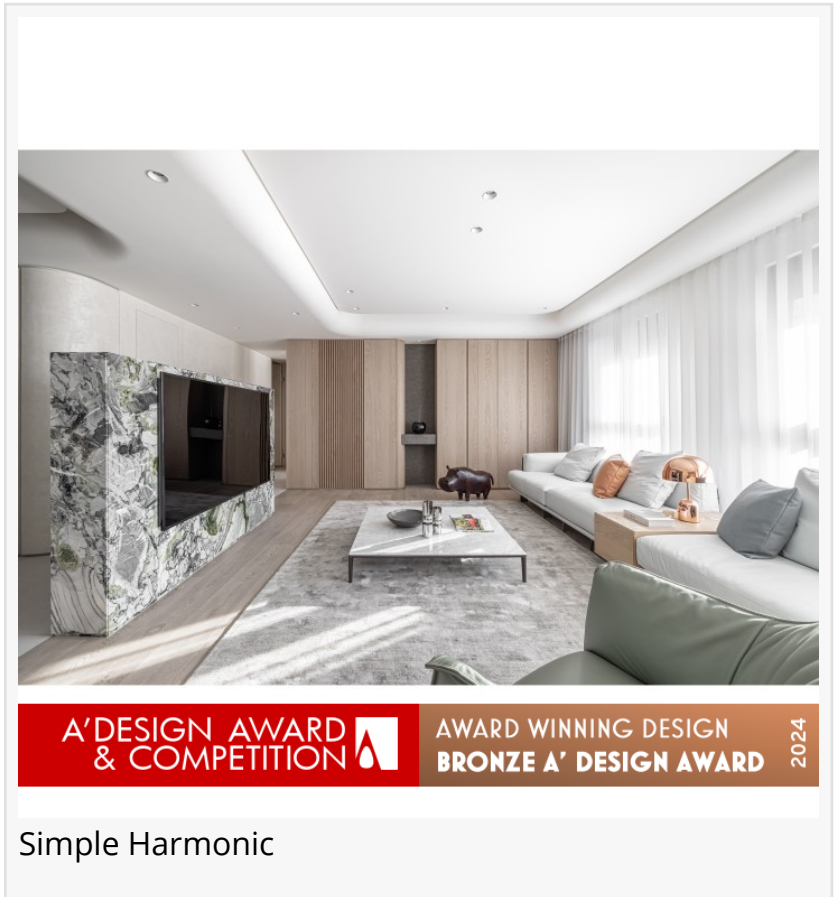

Ekko Chen's award-winning residential design showcases innovative use of space and materials

COMO, CO, ITALY, November 22, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected recognition in the field of [interior](#) design, has announced [Ekko Chen's](#) "Simple Harmonic" as the Bronze winner in the Interior Space and Exhibition Design category. This prestigious accolade highlights the significance of Chen's innovative residential design within the interior design industry, celebrating its unique features and benefits.

Simple Harmonic's award-winning design showcases the relevance of innovative use of space and materials to current trends and needs within the interior design industry. By incorporating a variety of materials in a harmonious color scheme and utilizing rounded shapes and curved lines, Chen's design aligns with and advances interior design standards and practices. The practical benefits of this design include enhanced visual effects, optimized storage solutions, and a comfortable living environment for its occupants.

The design of Simple Harmonic stands out for its thoughtful combination of aesthetics and functionality. The white cabinets extending from the entrance to the dining room feature quarter-circle storage spaces, while the use of gloss and matte finishes creates visual contrasts. The bold TV wall serves as a centerpiece, complemented by flooring that delineates different themes within the open social space. The private bedrooms showcase wood veneer and grain, adorned with sophisticated Morandi tones.

Winning the Bronze A' Design Award serves as motivation for Ekko Chen and their team to

continue striving for excellence and innovation in future projects. This recognition may inspire further exploration of innovative materials, space optimization techniques, and aesthetic combinations that enhance the living experience. As Simple Harmonic sets a new standard for residential interior design, it has the potential to influence industry practices and inspire fellow designers to push the boundaries of creativity and functionality.
