[Method, LLC](#), a pioneer in non-invasive, all-natural tattoo removal, offers a [comprehensive](#)

[training program](#) with business starter kit, enabling professionals to launch their tattoo removal services immediately upon certification.

The program addresses the growing demand for tattoo removal services, with recent industry data showing that 45 million Americans have at least one tattoo, and a good percentage seeking removal options.

"We're revolutionizing the tattoo removal industry by making it more accessible for professionals to start their own successful practice," says Ms. Barbara Gonzalez, Spokesperson for Tattoo Vanish Method. "Our comprehensive program provides everything needed to begin offering services immediately after certification."

The certification program includes online training for \$499 for licensed tattoo artists and a two-day hands-on training option at \$1,995 for those without prior experience. Both packages include the business starter kit featuring marketing materials, legal forms, and the company's proprietary removal products.

Recent graduate Bill Kieffer shares, "Great class! Thankful for the procedural info AND the business info/support. Feel confident and excited to get this going."

The Tattoo Vanish Method distinguishes itself through its all-natural approach, requiring 50-75% fewer sessions than laser removal and effectively removing all ink colors. Unlike laser treatments, the method doesn't absorb ink into the body, instead drawing it naturally to the surface.

The Tattoo Vanish Method is a great option for entrepreneurs who are looking to:

- Start a new business in a rapidly growing industry
- Add a new service to their existing business
- Help people achieve their aesthetic goals

The Tattoo Vanish Business Starter Kit includes:

- Access to online training
- Graphic artwork
- Before and after pictures
- Legal forms
- Monthly newsletters
- Informative brochure cards
- Certificate of training
- Start-up product kit
- Tattoo Vanish logo and trademarks

"The training was amazing. Roe was the best! Very informative, made me feel very comfortable and confident to bring this to Canada and start my own business," says Nicky Alcantara, a recent program graduate.

The certification program has attracted professionals worldwide. Zulene Simmons notes, "The course was well laid out. I found the instructor to be both knowledgeable and patient. I would highly recommend it to anyone doing tattooing or wishing to start a new and exciting business."
