

Brightline East-West Connector, Skyway Wave & I-75 at Colonial Blvd., Among Florida Top Engineering Project Winners

Top Engineering and Innovation Projects Garner Florida's Leading Engineering Award and Chance to Compete at National Level

TALLAHASSEE, FL, UNITED STATES, November 26, 2024 /EINPresswire.com/ -- Florida's growing

Everything that we touch was designed by an engineer. The Engineering Excellence Awards honor the amazing, extraordinary work of engineering companies ensuring Florida remains vibrant and growing."

Allen Douglas, Executive Director, ACEC Florida

population requires innovative transportation infrastructure that safely and efficiently connects its residents. The business of engineering is delivering through design build projects that enhance the lives of Floridians.

Florida's leading engineering award, the Engineering Excellence Award, will soon be awarded to nine of Florida's top infrastructure projects by the American Council of Engineering Companies (ACEC) of Florida.

"Everything that we touch was designed by an engineer. The ACEC Florida Engineering Excellence Awards honor the amazing and extraordinary work of engineering companies

in Florida that are helping ensure Florida remains vibrant and growing," said Allen Douglas, Executive Director, American Council of Engineering Companies of Florida.

Five Florida engineering firms garnered Grand Awards, while four were named Honor Winners. One of the Grand Award winners will be named the Florida Grand Conceptor Award winner and will earn a chance to compete for the national Grand Conceptor title.
