

Ace Fire Defense Empowers Homeowners in Wildfire-Prone Areas with Life-Saving Knowledge and Tools

Southern California Experts Teach Homeowners in Wildfire Zones How to Choose, Use, and Trust Professional Firefighting Tools to Protect Their Homes.

CHATSWORTH LAKE MANOR, CA, UNITED STATES, November 25, 2024 /EINPresswire.com/ -- As wildfires become more frequent and intense, homeowners in the wildfire interface face a critical challenge: knowing how to protect their properties effectively. Many remain resistant to purchasing proper firefighting equipment simply because they don't know what to buy or how to use it. Ace Fire Defense, a trusted leader in wildfire preparedness, is here to change that.

Founded by certified first responders and wildfire defense experts, Ace Fire Defense provides homeowners with essential knowledge and professional-grade equipment to defend their homes. The company offers hands-on training and practical advice on what tools to invest in and how to use them properly. Their mission: to empower homeowners with the confidence and skills needed to protect their properties during a wildfire emergency.

"We saw firsthand during the Woolsey Fire that many homeowners wanted to defend their homes but didn't know how," says Sherwin Ace Ross, co-founder of Ace Fire Defense. "[With the right tools and a little training, anyone can be prepared.](#)" Our goal is to make sure no homeowner feels helpless when a wildfire approaches."

What Homeowners Can Learn:

The BMF Heavy is hands down the best fire defense fire hose for occupant and professional use.

How to Use a Fire Hydrant or Pool:

Maximize available water sources to fight encroaching flames.

Essential Equipment: Identify and purchase the right tools, such as fire hoses, nozzles, gated WYE valves, and fire blankets.

Hands-On Training: Gain practical skills to deploy equipment effectively and safely.

Proven Track Record:

Ace Fire Defense helped save hundreds of homes during the Woolsey Fire by working closely with homeowners and first responders. Their expertise and commitment to community safety have made them a trusted resource in Southern California.

“

Our mission goes beyond products—it's about safety, preparedness, and service. We believe that true freedom comes from serving one another.”

Sherwin Ross

Amazon Product Listing for Ace Fire Defense Extra-Heavy Professional Fire Hose

Ace Fire Defense Extra-Heavy Professional Fire Hose | NFPA 1962 Compliant | New & Improved Design (75 ft. x 1.5 in.)

Be Ready. Be Protected.

Equip your home or property with the power of professional-grade fire defense. The Ace Fire Defense Extra-Heavy Professional Fire Hose delivers the strength, durability, and reliability you need when it matters most. Our new and improved design meets NFPA 1962 standards, ensuring top-tier performance for both residential and professional use.

Key Features of professional fire defense hoses manufactured by Ace Fire Defense:

□ NFPA 1962 Compliant:

Meets strict NFPA standards for fire hose performance, ensuring you have equipment you can trust during emergencies.

Take immediate action when you are prepared during a catastrophic accident.

□ Extra-Heavy Construction:

Made from high-quality, durable materials designed to withstand high-pressure water flow and resist wear and tear. Built for long-lasting performance in demanding environments.

□ Improved Design:

Our latest model features enhanced fittings and reinforced layers for better water flow and extended durability.

□ Easy Handling:

Lightweight for its strength, with flexible, kink-resistant material for easy deployment and maneuverability in tight spaces.

□ 75 ft. Length, 1.5 in. Diameter:

Ideal for protecting homes, properties, and outbuildings in the wildfire interface. Connects easily to standard fire hydrants or water pumps.

Don't wait until it's too late—prepare now and gain the confidence you need to face wildfire threats head-on.

About Ace Fire Defense:
