

# StarWind Announces Participation in the UK VMUG UserCon – Birmingham 2024

BEVERLY, MA, UNITED STATES,

November 26, 2024 /

EINPresswire.com/ -- [StarWind](#), a

leader in storage virtualization and

[hyperconverged infrastructure](#) (HCI)

solutions, is thrilled to announce its

participation in the UK VMUG UserCon

2024. This highly anticipated event will

take place on Thursday, November 28,

2024, bringing together IT

professionals and VMware enthusiasts

for a full day of collaboration, learning,

and networking.

StarWind will showcase its hyperconverged infrastructure (HCI) products, designed to simplify IT management, reduce costs, and ensure business continuity. VMUG visitors will have the opportunity to explore how StarWind's solutions help to cut down virtualization costs and complexity in Enterprise ROBO, SMB, and Edge environments.

Don't miss out on the chance to learn, connect, and stay ahead of the curve in the ever-evolving world of IT. Join StarWind and the VMUG community on November 28th for a day of innovation and networking.

For more information on StarWind's hyperconverged solutions check out [our website](#).

## About StarWind

Since 2008, StarWind has been a trusted provider of storage virtualization and hyperconverged infrastructure solutions, empowering businesses to optimize their IT environments without breaking the bank. StarWind's HCI solutions bring together storage, networking, and management into a seamless, integrated platform that's perfect for enterprise ROBO, SMB, and Edge environments.

With a reputation for delivering highly reliable, easy-to-use technology, StarWind is trusted by

over 63,800 businesses worldwide. Whether you're aiming to simplify IT management, cut costs, or enhance system performance and business continuity, StarWind's innovative solutions are designed to meet the needs of modern businesses.

#### About UK VMUG UserCon

The UK VMUG UserCon is a tech community event where VMware users and industry experts gather to share insights on the latest technological advancements, including virtualization, cloud infrastructure, and IT innovation. Attendees can participate in technical deep dives, breakout sessions, and hands-on learning, all while connecting with peers and exploring the latest products and solutions from VMUG partners.
