

Neele-Vat Ocean Relies on Coneksion® to Enhance Data Connectivity with Top Ocean Carriers

Through this partnership, Neele-Vat unlocks seamless connectivity to their Fiton TMS with all leading ocean carriers.

HELSINKI, FINLAND, November 27, 2024 /EINPresswire.com/ -- Coneksion®, a leading provider of advanced data connectivity solutions for supply chain and logistics, has partnered with Neele-Vat Ocean, one of the Netherlands' largest logistics service providers. Leveraging the [Coneksion RAPIDS Ocean Freight Connectivity solution](#), Neele-Vat gains the capabilities to enhance booking execution with ocean carriers and boost supply chain visibility.

Through this partnership, Neele-Vat unlocks seamless connectivity to their Fiton TMS with all leading ocean carriers via coneksion's Common Carrier Layer (CCL) technology, which powers the RAPIDS offering.

This technology enables efficient data exchange for essential message types, including Booking Requests, Booking Confirmations, Shipping Instructions, Verified Gross Mass (VGM), Bills of Lading (BoL), Track and Trace, and technical acknowledgments. This robust connectivity not only streamlines booking execution but also equips Neele-Vat with real-time track and trace capabilities, a vital feature for delivering an enhanced customer experience.

The scalability of coneksion's solution empowers Neele-Vat to expand its connectivity scope over time. Additional message types and use cases, such as Vessel Schedules and Freight Invoices, can be integrated as needed, providing Neele-Vat with the flexibility to adapt to evolving market

The graphic features a dark blue background with a blurred image of a port or warehouse. At the top, the logos for 'coneksion' and 'neelevat' are displayed in white. Below the logos, the text 'News & Press Releases' is written in a light blue font. The main headline is presented in four stacked teal boxes with white text: 'NEELE-VAT OCEAN RELIES ON', 'CONEKSION® TO ENHANCE', 'DATA CONNECTIVITY WITH', and 'TOP OCEAN CARRIERS'. At the bottom left, there is a 'Learn More >>' link in light blue, and at the bottom right, the website 'www.coneksion.com' is listed in white.

Coneksion® has partnered with Neele-Vat

demands and customer expectations.

Andy Giesselbach, Director Ocean Netherlands, said, “We chose coneksion® because it integrates seamlessly with our TMS and enhances data connectivity with our top ocean carriers. This partnership allows us to exchange data efficiently and scale as needed. It’s all about improving our booking process and enhancing the customer experience.”

“Seamless connectivity with ocean carriers is vital for logistics service providers in the rapidly evolving and demanding logistics market,” said Geesche Laksola, Chief Product Officer at coneksion®. “We believe this collaboration will equip Neele-Vat with a competitive advantage and add tremendous value to the company's customers.”

ABOUT NEELE-VAT

Neele-Vat is a family-owned logistics service provider headquartered in Rotterdam, Netherlands.
