Your Mouth Confessing God's Healing Promises Will Heal Your Disease

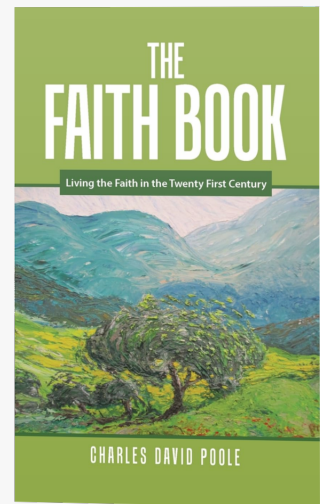

Genesis Understood (3rd Edition)

Diagnosed in February 2019 with multiple myeloma, an incurable blood disease, Braddock Sr. chose faith over fear, turning to healing scriptures in the Bible and reciting them aloud each day. As he continued this practice, his condition steadily improved, and within months, the disease had disappeared from his blood. Braddock emphasizes that speaking scripture out loud cultivates a deeper faith and opens the way for miraculous healing.

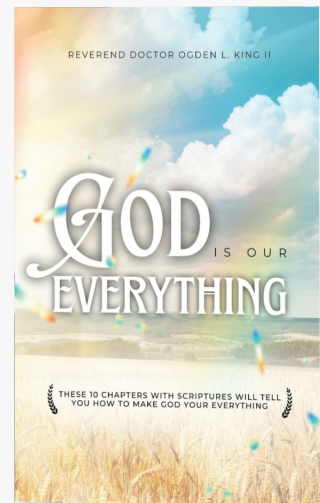

A man of faith, resilience, and dedication, Ronald P. Braddock Sr. has devoted his life to living and sharing his beliefs. His journey and commitment to spreading this message remind readers of the transformative power of faith to bring about physical, emotional, and spiritual restoration. Braddock's story is one of hope, inviting readers to speak God's promises in their own lives and discover the potential for divine healing.

Hollow Gods: Why Liberalism Became a Destructive Religion

For readers seeking a deeper connection to their faith, grappling with questions about their spiritual journey, or exploring Christianity in the context of the modern world, Charles David Poole's "The Faith Book: Living the Faith in the Twenty First Century" offers insightful guidance.

This 168-page spiritual guide invites readers to engage with their faith through a lens of renewed understanding and purpose. "The Faith Book: Living the Faith in the Twenty First Century" provides a fresh perspective on foundational Christian concepts—such as God, the atonement of Jesus, ritual, the church as the body of Christ, Christian purpose, and personal fulfillment—redefining how spirituality can be approached in today's fast-paced, ever-evolving world.

"The Faith Book: Living the Faith in the Twenty First Century" serves as a powerful call to action for anyone seeking a deeper, more meaningful relationship with their Christian faith. Poole's mission is clear: to inspire readers to live their faith with purpose, clarity, and authenticity, leading to personal transformation rooted in the teachings of Christ.

A devoted servant of God and pastor, Rev. Dr. Ogden King II offers a deeply personal exploration of faith, prayer, and the transformative power of God in his new book, "God Is Our Everything". Drawing from over two decades of ministry and his own journey of overcoming adversity, Rev. Dr. King presents a message of healing, forgiveness, and spiritual renewal. He reflects on the core principles of the gospel, urging readers to humble themselves, pray, seek God's presence, and turn from wicked ways to receive His healing and guidance.

Rev. Dr. King's life story serves as a testament to the transformative power of faith. Despite significant physical challenges, including time spent in a wheelchair, his unwavering faith has guided him to triumph over adversity. His personal journey—from playing in a rhythm & blues

band and briefly pursuing semi-professional football—ultimately led him back to his first love, music, which continues to shape his ministry and inspire others.

As Pastor of Liberty Christian Center, Rev. Dr. Ogden King II has over 20 years of experience serving God and his community. He is also the founder of the Gratitude Band and G.K.G.L. Spirit Gospel Group, using music as a powerful tool for worship and outreach. His book, “God Is Our Everything”, reflects his deep belief in the healing and transformative power of God.

Veteran theologian and author Davidson Loehr invites readers to explore the ideological underpinnings of modern liberalism in his latest book, “Hollow Gods: Why Liberalism Became a Destructive Religion”. Known for his candid and often controversial perspectives, Loehr examines the harm liberalism has caused across politics, religion, education, and race relations. He argues that the abandonment of traditional religious beliefs in favor of a utopian ideal has led to a crisis of values and power.

“Hollow Gods: Why Liberalism Became a Destructive Religion” traces liberalism’s departure from biblical religion, which Loehr contends has created a dangerous void in society. Without the guidance of a transcendent God, liberals have sought to replace spiritual wisdom with their own vision of a perfect society, driven by an elite self-appointed to lead. Loehr critiques this arrogance, revealing how the absence of divine wisdom has fueled division and a lust for power among those in positions of influence.

A lifelong heretic, Loehr’s journey took him from rejecting traditional religious dogma as a child to a distinguished career as a Unitarian minister. Davidson Loehr currently serves as the minister of a thriving Unitarian church in Austin, Texas, and is working on his next project, which will delve into the complexities of modern religious thought.
