Is there a [Market Projection for Denture Cleaning Products moving forward?](#)

Absolutely. The future looks rather promising for the denture cleaning product market. For the next few years, substantial growth is anticipated as the market size is projected to skyrocket to \$1.96 billion in 2028, showing a CAGR of 7.5%. This can be attributed to an increase in the

aging population, increasing prevalence of dental disorders and tooth loss, growth in the number of denture wearers, and surge in dental prosthetic surgeries.
