*As an educational and entertaining children's book, Author Jonathan Bernstein announces a new and improved "Two Goats" 2nd edition that is a great holiday gift.*

PORTLAND, OR, UNITED STATES, December 9, 2024 /EINPresswire.com/ -- Just-in-time for the holidays, Author [Jonathan Bernstein](#) announces the release of a new "[Two Goats](#)" 2nd edition that is a fun children's book for primarily ages 4-8. Bernstein wrote this heartwarming story about the adventures of a big goat (father) and little goat (son). It's a simple story that is both entertaining and educational for parents and children. And it's filled with colorful illustrations by Natalia Berezina, who has illustrated 40+ children's books.

Bernstein expands, "Our new version of 'Two Goats' shares the same messages as the original, but in a more typical children's book length of 32 pages. This shorter version is even more impactful, and a perfect gift book for parents, grandparents, aunts, uncles and more to give and read to children. It's filled with beautiful illustrations and few words on each page. And yet, there are invaluable life lessons that can encourage

The new "Two Goats" 2nd Edition is an illustrated children's book by Author Jonathan Bernstein that is being released now as a perfect holiday gift for children ages 4-8.

The "Two Goats" children's book story is loosely based the Author Jonathan Bernstein's experience during the pandemic living in isolation with his son, and they went on daily adventures.

conversations between multiple generations."

The "Two Goats" book features a light-hearted story about a big goat and little goat who live a happy life in the country. The goats sleep in an old barn under the stars, eat yummy poppies, and go on daily adventures. It's a safe environment, and they are isolated from other goats. These main characters represent a positive, supportive and loving father/son relationship. The big goat has a beard, and the little goat loves their home, but is also filled with curiosity.

Bernstein explains the book's backstory, "This 'Two Goats' story is loosely based on our own experience living in isolation during the pandemic with my son. We were very careful then and saw no one, not even relatives. To stay creative and safe, we went on daily adventures including bike rides and walks. Based on the safety tips at the time, we did not talk to our neighbors, but made up fictional stories and imagined what their lives were like."

Author Jonathan Bernstein wrote the "Two Goats" 2nd edition about the adventures of a big goat (father) and little goat (son), and it is illustrated by Natalia Berezina.

“

The "Two Goats" 2nd edition is a simple story with few words on each page, and yet there are invaluable life lessons that can encourage conversations between multiple generations."

"Two Goats"*

Through the illustrated scenes and an engaging story, readers learn that the two goats are living a great life – until the younger goat builds a ramp and jumps over the fence to see what's in a very different and city-like world. This unknown place has many busy goats, mud versus green grass on the ground, and it's a little overwhelming. The little goat misses his father and comfortable life.

Both generations of goats have something invaluable to teach each other in this unique "Two Goats" children's book. Along with being a playful story, parents can discuss lessons learned with their children about how to safely

venture into new worlds, take initiative, and make new friends.

Bernstein adds, "Children can learn from the little goat's feelings, how he solves problems, and

brings the country and the city worlds together. Even though the little goat feels uneasy at first in the unknown world without his father, everything works out great in the end.”

And while this children’s book is written as a father-son story, Bernstein adds, “It is also a more universal story. It deals with themes of the home base versus the outside world, country versus city life, the familiar and the unfamiliar, and comfort versus adventure. The book teaches the importance of exploration, risk-taking and individual initiative.”
