

Naos by Juan Carlos Baumgartner Wins Bronze in A' Interior Design Awards

Juan Carlos Baumgartner's Innovative Corporate Interior Design Recognized by Prestigious A' Design Award

COMO, CO, ITALY, November 27, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of [interior](#) design, has announced that the corporate interior design "Naos" by [Juan Carlos Baumgartner](#) has been awarded the Bronze A' Design Award in the Interior Space and Exhibition Design category. This prestigious accolade highlights the exceptional creativity, functionality, and innovation demonstrated in Baumgartner's design, solidifying its position as a noteworthy contribution to the interior design industry.

The Bronze A' Design Award for "Naos" holds significant relevance for the interior design community, as it showcases a design that effectively addresses the evolving needs of modern corporate spaces. By prioritizing employee well-being, fostering collaboration, and incorporating sustainable elements, "Naos" sets a new standard for how workplaces can be designed to enhance productivity, creativity, and overall satisfaction. This recognition not only benefits Baumgartner and his team but also serves as an inspiration for interior designers and companies seeking to create more human-centric and environmentally conscious work environments.

"Naos" stands out as a unique corporate interior design that seamlessly blends various environments or "planets" through the strategic use of colors, textures, and furniture. Guided by the concept of humanizing the workspace and creating a multi-sensory experience, the design incorporates elements of the natural world, such as vegetation and natural light, alongside carefully selected materials like wood and tectonic surfaces. This harmonious combination of

elements creates a space that promotes reflection, serenity, and creativity, providing an oasis of inspiration and motivation for its occupants.

The Bronze A' Design Award for "Naos" serves as a testament to Juan Carlos Baumgartner's commitment to pushing the boundaries of interior design and creating spaces that positively impact people's lives. This recognition is expected to inspire future projects within Baumgartner's design firm, Space, and encourage the team to continue exploring innovative solutions that prioritize employee well-being and sustainability. As "Naos" gains international exposure through this award, it has the potential to influence industry standards and motivate other designers to adopt a more human-centric approach to corporate interior design.

About Juan Carlos Baumgartner

For Baumgartner, it is important to create spaces with sustainable technology that improve the environment, according to the essence, values, characteristics, and needs of the project. Baumgartner reflects, "Architecture can be a tool to improve society." To fully understand the organization, he has developed his own methodologies that empathetically help understand the entrails of the company, aligning strategies and providing architectural solutions that enhance organizational productivity, efficiency, inspiration, and individual happiness. Juan Carlos Baumgartner is a renowned interior designer from Mexico, known for his innovative and human-centric approach to design.

About Space

Space has structured a new way of seeing architecture and developed methodologies in line with this vision. Intending to be the best, if not the biggest, they have integrated an interdisciplinary staff of highly talented and committed professionals. Space takes into account the importance of research and technology development, including them both in their method of thinking and working, always seeking sustainable solutions that not only respect the environment but actually help to improve our natural habitat. With a passion for design and architecture, Space aims to create intelligent spaces that incorporate people and technology harmoniously.

About Bronze A' Design Award

The Bronze A' Design Award recognizes designs that demonstrate a notable level of creativity and practicality within the Interior Space and Exhibition Design category. Recipients of this award are acknowledged for their professional execution, innovative use of space, material selection, functional layout, color scheme mastery, lighting design proficiency, and adherence to accessibility standards. The rigorous selection process involves blind peer review by an expert jury panel of design professionals, interior industry experts, journalists, and academics who evaluate entries based on pre-established criteria. Winning the Bronze A' Design Award signifies a designer's ability to create impactful and well-crafted solutions that contribute positively to the interior design industry.

About A' Design Award

The A' Interior Space, Retail and Exhibition Design Award is a distinguished international design competition that celebrates excellence and innovation within the interior design industry. Welcoming a diverse range of participants, from visionary designers to influential brands, this juried award provides a platform for showcasing creativity and gaining global recognition. The A' Design Award is driven by a philanthropic mission to enhance society through the power of good design, aiming to motivate designers and brands to develop superior products and projects that positively impact the global community. With a rigorous evaluation process conducted by an esteemed jury panel, the A' Design Award has been recognizing and promoting exceptional designs since 2008. Interested parties are invited to explore past laureates, learn more about the award, and submit their projects at <https://interior-awards.com>
