

# Meridian Space by Dung Lin Tsai Wins Bronze in A' Interior Design Awards

*Dung Lin Tsai's Innovative Meridian Space Design Recognized with Prestigious Bronze A' Design Award in Interior Space and Exhibition Design Category*

COMO, CO, ITALY, November 27, 2024 /EINPresswire.com/ -- The A' Design Award, one of the world's most respected design competitions, has announced [Dung Lin Tsai's](#) "Meridian Space" as the Bronze winner in the [Interior](#) Space and Exhibition Design category. This highly prestigious recognition highlights the exceptional creativity, functionality, and innovation of Dung Lin Tsai's design within the interior design industry.

Meridian Space's Bronze A' Design Award win is significant for the interior design community, as it showcases a

design that masterfully addresses current trends and needs. The design's innovative use of space, natural materials, and metaphorical elements aligns with the industry's focus on sustainability, wellness, and experiential design. This recognition underscores the practical benefits of Meridian Space for users, the industry, and stakeholders, emphasizing its potential to inspire and advance interior design practices.

At the heart of Meridian Space lies the captivating "mai walkways" – a creative representation of the meridians that gracefully traverse the space, connecting and energizing the environment. These walkways serve not only as a functional element but also as a symbolic conduit, fostering a balanced and flowing energy throughout the entire spatial experience. The design's vessel-like rooms, built with natural construction materials, symbolize the natural state of bodies, creating a powerful metaphor for the initial state of space.
