About the #NotAloneChallenge

The #NotAloneChallenge, co-founded by iHeartRadio, singer-songwriter Jewel, and the Inspiring Children Foundation, is a viral social media campaign designed to remind people they are not alone during the holidays while providing free mental health resources. Made possible thanks to

mental health advocate Dr. George Rapier III, the challenge offers engaging content and a free mental health toolkit available at NotAloneChallenge.org, empowering individuals to prioritize their well-being and seek support. The movement culminates at the end of the year with the Not Alone Summit, a transformative event that unites top thought leaders, mental health experts, and musicians to celebrate the importance of mental health. Together, the campaign and summit inspire hope, connection, and access to essential tools for emotional well-being.
