

# Simple Online Healthcare Partners with Codal to Transform Global Healthcare Access

*Simple Online Healthcare partners with Codal to launch an innovative eCommerce platform, driving global expansion and transforming online healthcare access.*

UNITED KINGDOM, November 29, 2024 /EINPresswire.com/ -- [Simple Online Healthcare](#) Partners with [Codal](#) to Transform Global Healthcare Access

Simple Online Healthcare, a leader in accessible and affordable online healthcare, has announced a strategic partnership with Codal, an award-winning design and development consultancy. Together, the two companies will deliver a state-of-the-art eCommerce platform to support Simple Online Healthcare's ambitious international expansion plan and reshaping the way patients access healthcare online.

Simple Online Healthcare is on a mission to break down barriers to healthcare by providing affordable, discreet, convenient access to essential services addressing challenges like obesity, hair loss, and erectile dysfunction. Through its commitment to clinical excellence, patient care, and affordability, Simple Online Healthcare is able to help patients who might otherwise avoid seeking care due to stigma or financial constraints.

To realise their global expansion plans, Simple Online Healthcare recognised the need for a

scalable, innovative healthcare platform that could adapt to the complexities of regulated industries in multiple jurisdictions. Codal was chosen as their trusted partner due to its expertise in healthcare eCommerce and its proven track record, including the successful launch of Cost Plus Drugs in the United States. This prior success highlighted Codal's ability to deliver compliant, patient-centric digital solutions adaptable to global regulations.

"Our partnership with Codal marks a transformative step in Simple Online Healthcare's journey to make accessible, affordable care a reality for millions around the globe," said Sami Malik, Chief Product Officer at Simple Online Healthcare. "By combining Codal's expertise in creating scalable, patient-first digital platforms with our vision for breaking down barriers to healthcare, we're building a state-of-the-art healthcare platform that empowers patients to access the care they need, wherever they are. This collaboration positions us to redefine how online healthcare is delivered across international markets, setting a new standard for quality, safety, and convenience."

Codal will work with Simple Online Healthcare to design and implement a scalable eCommerce platform that streamlines operations while maintaining the high level of care patients expect. The project will create a seamless, multisite solution that supports Simple Online Healthcare's expansion into diverse markets, ensuring regional compliance while prioritising the patient journey.

"We are thrilled to partner with Simple Online Healthcare on this transformative journey to reshape global healthcare access. Our collaboration is focused on creating an innovative, scalable platform that prioritises patient safety, compliance, and seamless patient experiences. By combining Codal's expertise in eCommerce and digital solutions with Simple Online Healthcare's dedication to accessible and affordable care, we are setting the foundation for a global impact in healthcare innovation." said Rahul Yadav, Director of Product Innovation at Codal.

The enhanced platform is scheduled to launch in Spring 2025 and will enable Simple Online Healthcare to expand its offering while adhering to diverse regional healthcare regulations. This collaboration will also future-proof Simple Online Healthcare's digital infrastructure, ensuring they remain at the forefront of global healthcare innovation.
