

Alabama Mesothelioma Victims Center Urges the Family of a Welder with Lung Cancer or Mesothelioma Anywhere in Alabama to Call the Birmingham Based Lawyers at the Environmental Litigation Group for Better Compensation

BIRMINGHAM , AL, UNITED STATES, December 2, 2024 /EINPresswire.com/ -- According to the Alabama Mesothelioma Victims Center, "If your loved one is a former welder anywhere in Alabama and he has just been diagnosed with lung cancer or mesothelioma please make potential financial compensation a top priority and call the lawyers at the Birmingham based Environmental Litigation Group any time at 866-714-6466. The lawyers at the Environmental Litigation Group have decades worth of experience assisting skilled trades workers such as welders, electricians, plumbers and mechanics who have developed asbestos exposure lung cancer or mesothelioma and they will know exactly how to get the best possible compensation for individuals like this.

"Welders who were on the job before the mid-1980s had daily exposure to asbestos because before they welded anything they would have put on a vest, coat or apron made of asbestos, they would have put on gloves that were made with asbestos and or their helmet that contained

asbestos. Welders are one of the few work groups that were required to wear safety gear made with asbestos. After putting on their safety gear the welder would have gone on to weld equipment or machinery that contained asbestos.

"If your loved one is a former welder in Alabama and they now have mesothelioma or asbestos exposure lung cancer please call the Birmingham based lawyers at the Environmental Litigation Group at 866-714-6466 to discuss compensation. The Environmental Litigation Group is Alabama's top law firm for people with mesothelioma or asbestos exposure lung cancer." <https://www.elglaw.com>
