DETROIT , MI, UNITED STATES,  
December 4, 2024 /EINPresswire.com/

The lawyers at the law firm of Zamler Shiffman & Karfis have been assisting people with mesothelioma and asbestos exposure lung cancer in Michigan for over four decades of success when it comes to ensuring their clients receive the best possible compensation results. For direct access to the lawyers at the law firm Zamler Shiffman & Karfis please call 866-714-6466 anytime.

The group says, "We have literally been working with plumbers who developed mesothelioma or asbestos exposure lung cancer and over the years we have come to learn how they were exposed to asbestos. Most frequently it was a boiler, water pump, valve or insulated pipe. Unlike many other types of workers, plumbers might have continued to have had asbestos exposure on-the job through the 1990s. While there might have been prohibitions on asbestos exposure

to workers in the early 1980s, things like old boilers, pumps or insulated pipes were grandfathered. In emergency situations the plumber still had to work on them.

"If your husband or dad is a plumber in Michigan and he has diagnosed with mesothelioma or asbestos exposure lung cancer call the Detroit based lawyers at Zamler Shiffman & Karfis at 866-714-6466. No law firm has as much experience in Michigan helping people exactly like you."
