This exclusive event welcomed 200 of the industry's top event planners, designers, and production companies for a multi-sensory experience that celebrated creativity, collaboration, and artistry in luxury event design.

Marking the return of A Night at Revelry for the first time since 2018, the event was more ambitious than ever. Known as "the transformer of spaces" and "event imagineers," Revelry showcased their talents by transforming their warehouse into a series of uniquely styled spaces, each highlighting their expertise in [event decor](#), design, custom fabrication, lighting, and draping.

Photography was captured by Anna Anikina Photography, with event videography provided by Maksud Sharipov, and behind-the-scenes footage shot by Jared Wortley Films.

The outside of Revelry was fully draped 25 feet of red velvet, with a red carpet lit by candles from Vogue Candles, leading to the custom step-and-repeat. The evening began in the custom whiskey lounge featuring velvet seating, mahogany wood paneling, and signature KIN Whiskey cocktails, complete with custom branded ice cubes created by West Coast Ice Pro.
