On Saturday, November 23, 2024, the Beverly Hilton Hotel in Beverly Hills served as the venue for the Global Peace Summit and Peace Prize, a landmark event dedicated to advancing global unity and halting conflicts. Organized by Dame Sandra Costa, with the support of a distinguished team including B. David Levine, Queennak, Kim Fitzgerald Starzyk, Nfagie Koroma, Ashinee Reynolds, Princess Monalisa Okojie, George Lewis, and Allen Shay, the summit brought together global leaders, advocates, and changemakers.

“

Let's stop wasting trillions on wars and invest in feeding orphans, supporting widows, and fostering peace. Love is stronger than hatred.”

The summit's keynote address was delivered by Dr. K.A. Paul, a globally recognized humanitarian, spiritual leader, and advocate for peace. Known for his decades of work bridging divides among nations and rescuing vulnerable populations, Dr. Paul issued an urgent call to action, declaring, "Unity, not division, is the only path forward." His speech resonated with attendees and emphasized the critical need for global collaboration, particularly among nations such as the United States, Russia, and Ukraine, to

de-escalate tensions and prioritize humanity over politics.

A Sobering Call to Action

Dr. Paul's reflections on the current global landscape painted a stark picture of what is at stake. With millions of lives threatened by escalating conflicts, the potential devastation of a global war is unimaginable.

"If we don't stop this war, we risk creating hundreds of millions of orphans and widows," Dr. Paul warned during his keynote address.

A central focus of Dr. Paul's mission has been rescuing vulnerable populations, particularly the estimated 100 million street children worldwide. Through his organization, he has already saved over 310,000 children, yet he insists this is only the beginning. Without urgent global cooperation, he cautioned, the suffering will only worsen.

Celebrating This Year's Honorees

This year's celebrated advocates were acknowledged for their contributions to advancing peace, justice, and global leadership. Among them was Victoria Jancke, an international entrepreneur and motivational speaker whose Grow & Glow initiative has empowered women globally.

initiatives that promote peace and her global leadership. Additionally, Dr. Neneh Ada Yang, widely known as “Queennak,” received accolades for her dedication to social justice, women empowerment, and promoting peace in communities worldwide.

Each honoree received the Global Peace Ambassador Certificate, joining a distinguished group of previous recipients that includes global luminaries such as former Indian Prime Minister Deve Gowda, Ethiopian President Girma, King Carlos of Spain, and five-time Heavyweight Boxing Champion Evander Holyfield.

A Vision for Peace: 2025 Global Summits

At the summit, Dr. Paul announced two major events planned for 2025 to build on the momentum of this gathering:

1. The Peace and Economic Summit in Hyderabad, India, on January 30, 2025.
2. The Global Peace Summit in Los Angeles, USA, on April 18, 2025.

These summits aim to unite world leaders, policymakers, and influential voices to develop actionable strategies for global peace and economic stability.

“Enough is enough,” Dr. Paul declared. “We need to stop wasting trillions on wars and instead invest in feeding orphans, supporting widows, and fostering peace. Love is more powerful than hatred. Truth is more powerful than lies.”
