

Yates Cylinders supercharges their Aptean ERP Software with MobileManage™ from Progressive Edge

The MobileManage™ software delivers Yates an enhanced user experience for Made2Manage™ Shop Floor users, across 4 geographic locations.

MILWAUKEE, WI, UNITED STATES,
December 3, 2024 /EINPresswire.com/

-- Progressive Edge is excited to introduce our latest [MobileManage](#) customer, [Yates Cylinders](#). Yates Cylinders is a manufacturer and rebuilder of hydraulic and pneumatic cylinders of world-class value. With manufacturing and distribution locations in Michigan, Atlanta, Ohio and Alabama, they are one of the largest and most complete pneumatic and hydraulic cylinder manufacturers in the country.

“

MobileManage delivers an enhanced experience, in a clean, efficient and mobile interface.”

Yates Cylinders

A long-time user of the Aptean Made2Manage ERP software, Yates was always looking for new efficiencies to improve productivity and quality on the Shop Floor. MobileManage was a direct answer to their needs to support their growing demand.

Yates, explains, “We immediately saw the benefits of the MobileManage software. It would enable the shop users, reduce paperwork on the shop floor, streamline labor reporting and improve inventory.” Yates continues, “Our ERP provider had solutions, but they were paper driven, rigid and not flexible. MobileManage delivers an enhanced experience, in a clean, efficient and mobile interface. This is the type of software we need to support the future growth of Yates Cylinders.”

“Yates is a perfect candidate for the MobileManage software”, say Kenneth Roy, President of Progressive Edge. “They understand the needs and benefits of efficiency on the Shop Floor. MobileManage was designed to reduce the need for paper, deliver [electronic work instructions](#), make labor entry a breeze, and improve the overall user experience.”

The implementation of the MobileManage software is critical to the future growth of Yates

Cylinders and there are high expectations of receiving significant efficiencies and cost savings in a very short time. Both Yates and Progressive Edge are excited to meet these expectations.

About Yates Cylinders

Yates Cylinders has been an industry-leading, family-owned manufacturer for over 50 years and is considered one of the largest pneumatic and hydraulic cylinder manufacturers in the United States. The company specializes in engineering, manufacturing, repairing, and rebuilding tie rods, welded bodies, mill duty, and custom cylinders. The company's additional capabilities include reverse engineering, CNC machining, welding, and 24/7 emergency repairs. Visit Yates Cylinders online to learn more about how they can handle all your cylinder needs.
