

6WIND to Showcase Cutting-Edge Networking Solutions at Dell Technologies Forum 2024 in Munich

PARIS, FRANCE, December 4, 2024 /EINPresswire.com/ -- [6WIND](#), a leading provider of green-tech networking software focused on high-performance virtualized and secure network solutions, is excited to announce its participation in the [Dell Technologies Forum 2024](#), set to take place on December 10, 2024, in Munich, Germany.

As one of the premier events for IT and business professionals, the Dell Technologies Forum provides a platform for exploring the latest advancements in technology, driving digital transformation, and fostering innovation to empower organizations.

6WIND, a global leader in high-performance networking software solutions, will bring its expertise to the event, showcasing cutting-edge solutions designed to accelerate business growth and enhance operational efficiency.

Attendees will have the opportunity to engage with 6WIND's team of experts and explore how the company's innovative software can address critical networking challenges while unlocking new opportunities in a rapidly evolving digital landscape.

Why Visit 6WIND at the Dell Technologies Forum 2024?

- **Discover Advanced Solutions:** Learn about 6WIND's pioneering networking software tailored for scalability, performance, and cost efficiency.
- **Engage with Experts:** Connect with industry leaders and gain insights into strategic approaches for modernizing IT infrastructures.
- **Plan for the Future:** Explore how 6WIND's solutions can support your organization's journey

toward digital transformation.

“This is a fantastic opportunity for us to engage directly with business and IT professionals, demonstrating the impact our solutions can have on their operations,” said Neelam Bahal, VP Global Marketing at 6WIND. “At 6WIND, we are committed to helping organizations stay competitive by providing them with networking tools that are agile, secure, and future-ready.”

The 6WIND VSR software solutions significantly reduce carbon footprint. This is achieved in a cost-effective manner without compromising performance, by greatly minimizing the hardware needed to deliver network services. These solutions deliver high performance, security, scalability, flexibility, openness, and agility to global CSPs, MNOs, NHPs, cloud providers, data centers, and enterprises.

About 6WIND

6WIND leads the way in software-based networking and security solutions, offering robust, feature-rich, resource-efficient, Cloud Ready, and highly flexible options. Our offerings span Broadband Evolution, Cloud Connectivity, Mobile Network Security, Private Wireless Networks Enablement, 5G SA Enablement, B2B services and more, ensuring comprehensive solutions for diverse use cases.

6WIND's software solutions are deployed globally by ISPs, CSPs, MNOs, NHPs, Cloud Providers, Data Centers, and Enterprises, empowering them to replace costly hardware. Our virtualized networking software solutions optimize services for routing and security, delivering unmatched Total Cost of Ownership (TCO) savings in the market.

6WIND operates globally, with headquarters in Paris, France, as well as offices in Santa Clara, CA, USA, and Singapore.
