

# Actual Healthcare Solutions Launches the ELEMREX® Platform at HITLAB Innovators Summit in NYC

AHS Launches Elemrex® at HITLAB Innovators Summit

Revolutionizing Patient Referrals: AI-driven, HIPAA-Compliant Technology to Enhance Outcomes & Efficiency

NEW YORK, NY, UNITED STATES, December 3, 2024 /EINPresswire.com/ -- Actual Healthcare Solutions (AHS) proudly announces the official launch of its groundbreaking ELEMREX® Platform, a HIPAA-compliant, AI-powered solution designed to transform the [patient referral](#) process.

ELEMREX Dashboard

Debuting at the prestigious [HITLAB](#) Innovators Summit in New York City, which will take place December 2–4, 2024, the Elemrex® Platform directly addresses inefficiencies and communication

challenges within the healthcare system that contribute to delays, miscommunication, and lost revenue.

Elemrex® is a secure, fully encrypted referral management system connecting primary care providers, specialists, and patients. By streamlining referral workflows, improving patient outcomes, and driving revenue growth, this innovative platform sets a new standard for healthcare information exchange.

“Our mission with the Elemrex® Platform is to close communication gaps in healthcare, ensuring patients receive timely, accurate care while helping providers

optimize operational efficiency,” said Jamie Wisser, MD, FACS, Founder and CEO of AHS. “HITLAB has been instrumental in helping us refine our solution for real-world healthcare environments. We are thrilled to unveil Elemrex® at this year’s Summit and demonstrate its potential to revolutionize the industry.”

“

AHS' ELEMREX® Platform exemplifies technology's potential to break barriers, improve patient outcomes, and enhance provider efficiency.”

Stan Kachnowski, PhD MPA,  
Chair HITLAB.

HITLAB, a global leader in healthcare innovation, has been a vital partner in shaping the Elemrex® Platform. The Summit gathers top innovators, researchers, and industry leaders and provides an ideal stage to showcase this transformative technology to a broader audience. “The partnership between HITLAB and Actual Healthcare Solutions demonstrates how innovation can drive meaningful change in healthcare,” said Stan Kachnowski, PhD MPA, Chairperson of Research and Evaluation at HITLAB. “Elemrex® exemplifies the potential of technology to break barriers, improve patient outcomes, and enhance provider efficiency.”

Critical features of Elemrex® include advanced AI capabilities such as dictation-based SOAP notes, radiology AI integration and interpretation, and specialist-matching algorithms. The platform is 100% EMR agnostic, ensuring compatibility with all leading EHR systems and facilitating the seamless exchange of patient health information (PHI). Early adopters of Elemrex® have lauded it as a breakthrough, with pilot programs in leading New York academic hospital systems demonstrating measurable success.

As healthcare embraces digital transformation, AHS remains committed to leveraging cutting-edge technology to create impactful solutions. Attendees of the HITLAB Summit can experience the Elemrex® Platform firsthand and engage with the AHS team to explore its full capabilities.
