

Telgea Launches to Redefine Mobile Plan Management for Businesses

Solving the complexity of managing global mobile plans with a unified platform for international businesses.

NEW YORK, NY, UNITED STATES,
December 3, 2024 /EINPresswire.com/

-- Telgea, the mobile carrier for international companies transforming how companies operate across borders, has officially launched its platform that offers mobile plans under the same terms across multiple countries. This marks a pivotal moment for businesses navigating the

complexities of international operations. Telgea provides medium- to large-sized teams with a scalable solution that solves long-standing issues with fragmented mobile plans, inconsistent pricing, and the inefficiencies of traditional providers. By streamlining global connectivity, Telgea empowers companies to focus on growth without being constrained by outdated mobile

infrastructures, dealing with multiple providers across language barriers, borders, complicated contracts, and ever-changing pricing models.

With operations already established in six key markets, including Sweden, Denmark, the United States, the United Kingdom, Germany, and France, Telgea ensures businesses stay connected through reliable local mobile plans supported by the best local network providers.

“Until now, companies with teams in multiple countries had to deal with multiple providers and long-term contracts, making it hard to stay flexible as they grow,” said Andreas Franke, Chief Executive Officer of Telgea. “With Telgea, companies can instantly give new employees a local number to connect with local customers. When a team member leaves, the mobile plan ends too, offering total flexibility for growing businesses.”

Why Businesses Are Choosing Telgea

Telgea delivers the reliability and efficiency global teams need to thrive:

One Global Agreement: Predictable pricing and consistent terms across multiple countries without hidden fees or long-term commitment.

Reliable Connectivity: Local mobile plans powered by the fastest networks where you operate.

Automation Made Easy: Let HR manage onboarding and offboarding from their desk with seamless HRM integration, not cutting onboarding time for new hires.

Built to Scale: Easily expand to new markets as your teams grow without the need to deal with local providers
