The Business Research Company
Oxygen Flow Meters Global Market Report 2024 - Market Size, Trends, And Global Forecast 2024-2033

The oxygen flow meters market is expected to grow significantly, rising from \$1.67 billion in 2023 to \$1.82 billion in 2024, reflecting a CAGR of 9.1%. This growth is attributed to the healthcare industry's expansion, regulatory compliance, an aging population, chronic respiratory conditions, and advancements in respiratory care.

“

The oxygen flow meters market size is expected to see rapid growth in the next few years. It will grow to \$2.69 billion in 2028 at a compound annual growth rate (CAGR) of 10.2%.”

The Business Research Company

[Global Oxygen Flow Meters Market Size: What Are the Forecasts for Market Growth and Annual Expansion?](#) The market is projected to grow rapidly, reaching \$2.69 billion by 2028 at a CAGR of 10.2%. Factors driving this growth include telemedicine, home healthcare, point-of-care testing, and non-invasive ventilation. Trends include portable oxygen solutions, technological advancements, IoT connectivity, and smart healthcare applications.

Who are the Key Industry Players Stepping Up in the Oxygen Flow Meters Market?

Major companies operating in the market include D.Z. Medica S.r.l., Heyer Medical AG, Ohio Medical Corporation, Megasan Medical, Precision Medical Inc., HERSILL SL., Penlon Ltd., BURAK Metering Pvt Ltd, Amcaremed Technology Co. Limited, Dwyer Instruments Ltd., Deluxe Industrial Gases, Sumukha Meditek, Ashish Engineering, Amcaremed Technology Co.Limited, Smiths Medical Inc., Maxtec LLC., Allied Healthcare Products Inc., Becton Dickinson and Company, Bio-Med Devices Inc., Bunnell Incorporated, CareFusion Corporation, Drive DeVilbiss Healthcare Inc., Fisher & Paykel Healthcare, Flexicare Medical Limited, GCE Group, Hamilton Medical AG, Inogen Inc., Invacare Corporation, Medline Industries Inc., O2 Concepts, OxyGo LLC., ResMed Inc., Teijin Limited

What [Trends Are Shaping The Growth Of The Oxygen Flow Meters Market Size?](#)

Companies in the market are advancing high-flow oxygen therapy products like the OXYLL 70 L/min oxygen flowmeter to meet growing demand. This product is designed to provide precise oxygen flow for patients needing high-flow oxygen therapy. In February 2021, HERSILL, a Spain-based medical technology company, launched the OXYLL 70 L/min, which is ideal for treating COVID-19 patients when paired with active humidification equipment. This device enhances respiratory support by delivering controlled oxygen flow to critically ill patients.

What Are the Different Segments of the Global Oxygen Flow Meters Market?

The oxygen flow meters market covered in this report is segmented –

- 1) By Type: Double Flange Type, Plug-in Type, Other Types
- 2) By Calibration Type: Automatic, Manual
- 3) By Application: Healthcare, Industrial, Aerospace, Chemical, Other Applications

Geographical Insights: North America Leading The Oxygen Flow Meters Market

North America was the largest region in the market in 2023. The regions covered in the market report include Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa.

Definition of the Oxygen Flow Meters Market

The oxygen flow meter measures and regulates the amount of oxygen delivered to patients who are receiving oxygen therapy. It can not only accurately detect the flow of oxygen in real-time, but it can also keep healthcare providers informed about a patient's oxygen absorption status. Oxygen flowmeters are now routinely utilized in hospitals at all levels.

The Oxygen Flow Meters Global Market Report 2024 from The Business Research Company includes the following key information:

- Market size data for both historical and future periods
- Analysis of both macro and microeconomic factors that have impacted the market over the past five years
- Regional market analysis covering Asia-Pacific, China, Western Europe, Eastern Europe, North America, the USA, South America, and the Middle East and Africa
- Country-specific market analysis for Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, the UK, and the USA.

Overview of the Global Oxygen Flow Meters Market Report: Trends, Opportunities, Strategies, and More

The Oxygen Flow Meters Global Market Report 2024 from The Business Research Company is an extensive resource that delivers insights into oxygen flow meters market size, oxygen flow meters market drivers and trends, oxygen flow meters market major players, oxygen flow meters competitors' revenues, oxygen flow meters market positioning, and oxygen flow meters market growth across geographies. This report provides valuable in-depth insights into potential opportunities and strategies. Companies can utilize the information presented to target segments with the greatest growth potential.
