By revenue source, the market is divided into ticket sale, sponsorship, and others. Among these, the sponsorship segment occupied the major share of the market in 2022 and is projected to maintain its dominance during the forecast period. The sponsorship segment is anticipated to grow at a moderate rate during the forecast period. Sponsorship is a vital component of successful marketing strategies as it offers the potential to elevate event programs along with mitigation of rising costs. It serves as a powerful complement to other marketing efforts, effectively conveying messages to the intended audience and bolstering brand recognition. Through event sponsorship, businesses can extend their influence on prospective buyers and customers, leading to increased sales opportunities. These factors are anticipated to have a positive impact on the live events industry market demand and huge growth of the events industry during the forecast period.

By age group, the market is categorized into below 20 years, 21–40 years, and above 40 years. Among these, the 21-40 years segment occupied the major share of the market in 2022 and is projected to maintain its dominance during the forecast period. The impressive growth of the events industry, particularly among individuals aged 21 to 40 years, can be attributed to their active and enthusiastic participation in a diverse range of events, such as exhibitions, conferences, seminars, and music concerts. This age group exhibits a strong interest in attending various gatherings and shows, playing a significant role in driving market expansion. Furthermore, there is a noticeable surge in demand for entrepreneur and business-focused seminars and conferences, which offer invaluable guidance and insights to young individuals who aspire to start their own ventures. These events prove highly beneficial for those entrepreneurs in acquisition of essential knowledge and direction, thereby fueling further market growth within this age segment. Additionally, the increasing popularity of music concerts and festive gatherings is expected to positively contribute to the overall growth of the events

industry market.

By region, the market is analyzed across North America, Europe, Asia-Pacific, and LAMEA. Europe occupied the major share of the market in 2022 and is projected to maintain its dominance during the forecast period. Germany and Spain are poised to witness significant increases in event activity, with various types of meetings owing to which these countries are expected to experience growth in terms of both attendance and numbers. Companies in the region have displayed greater financial prudence, which leads to a demand for events at mid-scale venues closer to their base of operations, such as conferences, seminars, and festivals.□

Asia-Pacific region has witnessed increase in sports leagues, digital activation, and ability to grow & adapt with innovative technology. Increase in interest of youth in countries such as India and China who are showing interest in events such as conferences & events, exhibitions, concerts, shows, and others augments the growth of the market. Furthermore, strong economic growth is one of the major factors that supplements the growth of the events industry in this region, as growing economy offers lucrative business opportunities for investors.

The pandemic has had a profound and widespread impact on the live events industry. The imposition of lockdowns, social distancing measures, and restrictions on gatherings to control the spread of the virus has led to the cancellation or postponement of countless events worldwide.□ In addition, the pandemic has led to changes in consumer behavior, with many people staying at home and there was no demand for organization of events.
