

Knowledge Gate Group Wins the Fifth Annual Vesalius Innovation Award by Karger Publishers

The Knowledge Gate Group startup that has developed an AI-powered platform to accelerate research won first place at the VIA Award ceremony today in London.

BASEL, SWITZERLAND, December 3, 2024 /EINPresswire.com/ -- This year marks the fifth consecutive time that Karger Publishers has presented its Vesalius Innovation Award along with

its first-time co-presenter BMJ. The award honors internationally active startups that offer innovative solutions for the rapidly changing needs of the Health Sciences ecosystem. This year's competition focused on advancements in science communication that empower individuals with knowledge in order to promote informed decision-making. These areas include [research integrity](#), knowledge transfer, and artificial intelligence.

In making Knowledge Gate Group the winner of the 2024 Vesalius Innovation Award, the jury selected an applicant that ticks many boxes of successful and sustainable innovation."

Daniel Ebnetter, CEO at Karger Publishers

The award was presented today as a part of the STM Innovation & Integrity Days in London. The following five finalists pitched their innovative ideas to the jury: Clear Skies, Knowledge Gate Group, Prof. Valmed[®], Prophy, and Signals. The winning startup Knowledge Gate Group provides an AI-powered platform that accelerates research by connecting organizations with leading experts in [life sciences](#). By automating manual processes, the platform

facilitates strategic decision-making and fosters collaboration in research and development.

At today's ceremony, Knowledge Gate Group received the 15,000 USD award from Daniel Ebnetter, CEO of Karger, who highlighted the importance of supporting innovative solutions in the field of health sciences and publishing. In addition, he thanked the eight-member jury, the VIA team, the award's co-presenter BMJ and the participating startups for their outstanding dedication to advancing scientific research in new ways.

“In making Knowledge Gate Group the winner of the 2024 Vesalius Innovation Award, the jury selected an applicant that ticks many boxes of successful and sustainable innovation,” explains Daniel Ebnetter, CEO at Karger Publishers. “By using a combination of self-identification of interested academics and advanced AI, Knowledge Gate Group has managed to build a robust network of experts that are pre-qualified, ready and available to engage with industry partners, thereby dramatically increasing efficiency of while [fostering real-world impact.](#)”

Runner-up prizes were awarded to two startups: Prof.Valmed®, which offers a CE-registered AI tool that acts as a medical co-pilot, providing healthcare professionals with validated diagnostic and therapeutic support, and Clear Skies, which develops innovative data analysis tools to support research integrity.
